## NURSERY

Established in 1950, previously known as Visa Oshwal Nursery School, Oshwal Academy Nairobi -Nursery is located in parklands on the Wambugu Road. The school has a diverse population incorporating many different cultures, religions and languages. The differences enrich the community and the leaning that takes place here. The school provides a caring and structured environment where children's enthusiasm is fostered. We recognize that children have individual needs and talents and that each child can achieve and should have the opportunity to celebrate his/her achievements.

## PRIMARY

Oshwal Academy Nairobi, Primary Campus previously Oshwal Jain Primary School was established in May, 1978 as a school of high vision by the Oshwal Education & Relief Board. Over the years it has grown in size and strength to live up to the expectation of its founder members. The school provides a broad based education that will enable students to achieve their academic, personal and social potential within a stimulating and caring environment.

## JUNIOR HIGH

The school was established in 1963 as Oshwal Boys Secondary School, before it became known as Oshwal High School and now known as Oshwal Academy Nairobi -Junior High from September 2006. Situated on 1st Avenue Parklands, the school offers the IGCSE curriculum from Year 7 to Year 11 to both Boys and Girls of various Culture and Nationalities. Our excellence and innovation in delivering quality and distinctive education matches the imposing buildings and impressive facilities.

## SENIOR HIGH

Established in 1959 as a community school and previously known as Visa Oshwal Girls' School, subsequently as Visa Oshwal Secondary School and currently known as Oshwal Academy Nairobi -Senior High, the school has developed into a renowned centre of excellence. Today the school boasts of being the largest purely A Level school in Kenya offering a wide variety of subjects in a friendly and conducive surroundings to create a challenging atmosphere for today's comprehensive and competitive learning.

# Ethos and Philosophy of Education at Oshwal Academy Nairobi

Whilst the focus of education at the Academy is Academic excellence and this is given the top priority, the school also believes that it has a greater purpose beyond preparing the young people for college and university. The academy also strives to prepare its students for life.

To this end, we strive:-

- To create an environment that is enjoyable, and provide rigorous, stimulating and challenging curriculum.
  - To encourage enquiring minds and a lifelong interest in learning.
  - To promote an understanding community in which all members are respected and their talents and achievements celebrated.
  - To offer a wide range of activities both inside and outside the classroom that allow the children to develop their physical, spiritual and social skills in a positive environment.
  - To treat every child as an individual and teachers are aware of the child's needs in both academic and non-academic terms.
  - To ensure that every child is nurtured and made to feel that his/her individual contribution is a valued part of the whole.
  - To teach values that give children a firm moral grounding in what is becoming an increasingly value-free world.
  - To place emphasis on manners, courtesy and respect as part of the core value system of the school.
  - To encourage team spirit and growth of individuals to achieve challenging goals.
  - To gain a strong Oshwal identity which fosters success and the high self-esteem of both staff and students

## MESSAGE FROM THE CHAIRMAN

“ We at OE & RB are committed to provide the best platform and facilities in our endeavour to retain our excellent standards in education ”

### Dear Students

It is a matter of pride for me to pen this message for the school's Annual Year Book. My heart fills with immense pleasure as I perceive the progress being made at the school. The year book reflects the wonderful creativity of thoughts and imagination of our students.

Learning is not limited to schools and colleges only, nor does it end with the conclusion of one's schooling. Learning is a lifelong process. The talent and the skills portrayed in this year book will surely blossom and enhance in the years to come even as you leave the portals of the Academy.

We have witnessed some excellent results at IGCSE, AS and A levels. On behalf of Oshwal Education and Relief Board, I convey our heartiest congratulations to you all. You have indeed made your parents, friends, teachers and OAN proud. For those few who may not have met their expectations, my advice is that take this setback as a challenge to work hard and persevere to fulfill your dreams. I also express my gratitude to the Heads and Staff for maintaining this exemplary academic performance of the school.

The Academy is orientated to the total formation of the child and to the adaptation of various methods that suit the dynamics of the changing world in order to achieve common goals and objectives. To this end we have a very commendable support of management committee members who strive to ensure that the Academy reaches great heights of success. It is heart-

warming to note that majority them are the past students of the Academy who now serve the school with such dedication.

We at OE & RB are committed to provide the best platform and facilities in our endeavour to retain our excellent standards in education.

I also acknowledge the support of my devoted office bearers who faithfully and enthusiastically work with me to fulfil our shared goals and vision of the Board.

Dear students, always remember that people of fine character live by their values. They uphold the dignity of people. What you are, is God's gift to you. What you will become is your gift to God. May you bring out the best in you.

In this digital, fast changing world, it is the top priority of the board to explore and adapt best practices to encourage every student in Oshwal Academy to achieve their fullest potential.

Your progress is our inspiration at the Oshwal Education and Relief Board.

With warm wishes and God's blessings.

## MESSAGE FROM THE ACADEMIC CONSULTANT

“

A dream is not what you see in the sleep but a dream is that which will not let you sleep

”

**I**t is a privilege to serve as the Academic Consultant of this great institution. An extraordinary learning community where our Heads, teachers, students and families are actively engaged in making excellence happen every day.

School life is valued to be the best experience of students' life. It is that phase of life where we learn to express, to create, to explore, to inspire and to innovate thoughts and ideas. It is that experience that sets the stage for success in life and leaves them with a lifetime of positive memories, diverse ideas and values.

With 2418 students and 265 staff members, Oshwal Academy strives to create an environment of happiness and positive learning. Today, we stand on the doorstep of 21st century – an aeon of modern technology and awareness. We as cohorts of this stimulating learning need to understand the changing mind set of the new techno savvy generation. It is the confidence, the urge to learn and the eagerness to take up the challenges that will make our students successful global citizens.

The adaptation of Cambridge International curriculum has been a significant move made in the interest of the smooth and effective teaching and learning of our students. The curriculum whilst retaining the rigorous and stringent standards of learning, simultaneously encourages innovation and creativity. This successful change would not have been made possible without the team work and support of our Heads and Senior Leadership Team at all levels. Their indefatigable and diligent input is indeed invaluable.

Equally crucial is the inspiration from the various campus committee members and the encouragement and motivation from the Chairman and members of Oshwal Education and Relief Board.

Together, it is our aim to weave the thread of the young minds of our children with seeds of curiosity, creativity, confidence and problem solving skills that would transform their dreams into a reality. Future generations will be living in a world that is very different from that to which we are accustomed.

It is essential that the Academy and parents collaborate to give our children unforgettable childhood days. The happiness of just being what they are, the joy of exploring, innovating and following their dreams. Let us also teach them to accept failure and to give back to society from where they have learned to blossom.

My congratulations to all the campuses on the compilation of a vibrant colourful yearbook that shall live on as an almanac of memories.

# Our Abu Dhabi 2019 Special Olympics World Summer Games Team

Determination, resilience, confidence and believing in oneself leads to success! The Kenya Special Olympics team has done Kenya and Oshwal Academy proud.

The Bocce team comprising of Deep Deepak Sanghvi and Paramveer Singh Sehm beat other competitors from around the globe to scoop gold medals while Sonali Ritesh Shah, who was representing team Kenya in swimming, made waves when she won a silver medal. These students played like the real champions they are and we are greatly proud of them. Their success will not only motivate them to further their talents, but also inspire other upcoming competitors.

This is part of the journey of nurturing sporting talent among children living with special needs which started three years ago.

# In Loving Memory

*Munyiri Kinyua*

Munyiri Kinyua Wanjau passed away after a short illness, she was a polite, humble man who was always willing to serve the students with a smile. His gentle character was always pleasant and he displayed this trait with great ease.

May the Almighty God rest his soul in peace!

*Neel B. Shah*

Neel Bindesh Shah joined Oshwal Academy Nairobi - Senior High in 2010 in year 5 and had just exited from the Academy in year 13 in 2019. During his time at Oshwal, he was disciplined and well natured.

He exuded confidence in his work and determination to achieve his goals. He was active in sports and philanthropic towards the less fortunate in the society. The Oshwal Academy family will forever miss their colleague, friend and a promising son.

He passed away on 19th July, 2019. We pray for his soul to rest in eternal peace.

## FROM THE HEAD'S DESK

*Dear Parents and Carers,*

*A hearty welcome to all of you. I wish to express my heartiest gratitude to all those families who took out time from their busy schedule and attended their child's academic progress consultation day. It truly showcases your value and commitment towards your child's education. Personally I am extremely delighted to become part of a school which gives equal emphasis to the cognitive as well as holistic development of a child from a very young age. As this academic year comes to a close, all the creative and innovative events through out the year shall be reflected in our school magazine 2018 to be published soon. Moving ahead... We at the Oshwal. Academy Nairobi-Nursery, wish our young learners to actively participate in their school life to develop into responsible citizens of tomorrow. We shall enhance learning in the forthcoming academic year with a theme of:*

### **RICHER**

- R for Responsible learner*
- I for Innovative learner*
- C for Confident learner*
- H for Healthy learner*
- E for Engaged learner*
- R for Reflective learner.*

*I would like to extend my heartfelt appreciation*

### **Senior Leadership Team**

*to the school management committee and OERB office bearers for being realistic visionaries, global entrepreneurs ,kind and positive volunteers who have tirelessly provided us all their support and encouragement through their active participation at OAN-Nursery.*

*A big Asante Sana to Mrs. Chotai for being a passionate mentor with wealth of experience as an educationist for guiding us to serve better in the field of educating our younger generations. Last but not the least I wish to highlight my Nursery Team for their heart warming welcome and with whom I have felt extremely comfortable as they are truly amazing group of professionals, very dedicated, creative and responsive. Through their support and cooperation we shall strive to restore and retain the glory of OAN-Nursery campus. My message to all you lovely parents is to stay motivated and involved in your child's daily learning activities as it is apt to say that "Minds are like parachutes they only function when they are open." Let us all work together hand in hand to explore, experiment and evolve the Oshwal Academy Nairobi-Nursery family at large. God bless you all.*

*Warm Regards,  
Mrs Rooma Mali*

## From the Deputy Head's Desk

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today"... said Malcolm rightly and this is exactly what we aim to do and achieve every academic year. At Oshwal Academy Nairobi Primary we prepare students enthusiastically to face the challenges of the 21st century while holistically developing them in academics and co-curricular activities.

Numeracy Contests, Spelling Bee and Science Fair brought us many accolades on the academic side. In Sports we excelled in almost all the local and national level competitions and championships that we participated in with ten to twelve other schools. Our Year group presentations and Senior Play synonymous with pomp and colour, glitz and glamour were lauded for being exquisite and exceptionally entertaining. Kudos to our students who gave their heart and soul to these productions, exhibiting a desire to excel. The feather in our cap this year has been the participation of our IED team in the Special Olympics held at Abu Dhabi catapulting us to international fame.

Sir A. P. J. Abdul Kalam rightly said... **"Teaching is a very noble profession that shapes the character, calibre, and future of an individual."** Our teachers are our pride as they endeavoured to inspire our students to give their best while recognising their individual strengths and nurturing them to be good human beings of this ever changing society.

Quoting Sir A. P. J. Abdul Kalam once again, **"If a country is to be corruption free and become a**

**nation of beautiful minds, I strongly feel there are three key societal members who can make**

**Mrs. Anjana Vijayan**  
**Head Teacher**

**a difference: the father, the mother and the teacher!"** We value and appreciate the constant support and feedback we receive from our Parent body. The dedication of our administration and support staff form a backbone to all our successes and aid in smooth running of our school.

The Oshwal Education and Relief Board, our Campus Chairman Mr. Vimal Gala and the Managing Committee along with our Academic Consultant Mrs. Jyotsna Chotai have been like a beacon light constantly supporting and guiding us to set higher goals and to achieve them, thus shaping our Primary Campus to be the best. Finally, I wish to appreciate the effort of our editorial team comprising of the SMT, Mr. James Peru, Mrs Ami Mehta, Ms. Mercy Opondo and Ms Jedidah for the compilation of this edition.

**Asante Sana.**

## INCLUSIVE EDUCATION DEPARTMENT

Mr. Benson Mutiku Strategic Leader  
Inclusive Education Department

“Every child has a right to education and so are the children living with special needs”, says Mr. Benson, the IED strategic leader. Our ASDAN programs are tailor-made to meet the diverse needs of our children in the department. We pride ourselves in empowering our learners with academic, vocational and life skills that are geared towards preparing them for employment, thus promoting independence in their future lives. Our mission is to train our learners to be international viable citizens by building on their talents and areas of interest, whilst having fun in the learning process.

Our great success is anchored in the inclusion approach in our programs for children living with special needs.

The key facilities and resources in our programs delivery include:

- Early identification and intervention programs.
- A sensory integration rooms
- Therapy rooms
- Language and communication center.
- Assessment center.
- Vocational training center.
- Small sized classrooms.

These programs and facilities have enabled us to zero in on each child as an individual, thus tapping in to their capabilities and directing our students to achieve their full potential.

Our competent and professionally trained multidisciplinary team comprising of special needs education teachers, occupational therapists, physiotherapist, psychologists and language and communication specialist are the force behind the success of our programs.

“Every child has a right to education and so are the children living with special needs”

## From The Head's Desk

**There are no secrets to success. It is the result of preparation, hard work, and learning from failure.**

**-Colin Powel-**

Welcome to our Oshwal Academy Nairobi Junior High Annual Year Book -2019. I am indeed very proud to present these outstanding memories for the academic year 2018/2019. The activities and achievements captured in this year book is a true reflection of the holistic nature of learning that we endeavor to provide at Oshwal Academy Nairobi Junior High. We are a school of diverse nationalities and cultures and we embrace this unique family that we are all proud of.

This year, we applaud the entire student population and in particular those who participated in various activities in school, nationally and internationally. It is through this participation that Oshwal Academy Nairobi Junior High stands out as an institution that nurtures values amongst students that leads them to have a successful and happy life in modern world.

The pictures in this Year Book speak a thousand words. While I do not want to indulge in the content (because I believe your eyes can't wait!) I have to briefly mention that the year's activities ranged from Model United Nation, Dance and Music Night, Swimming Gala, Sports Day, Academic and Pastoral Trips, Annual Cross Country at Karura Forest, and many more that I will leave them for you to explore!

I hope this year book will inspire prospective students joining Oshwal Academy Nairobi Junior to truly live to their full potential, enjoy their lives while in school and study hard to achieve their dreams. Eventually, after many years, while going through this year book, you shall look back with fond memories and say, "Truly, Oshwal Academy Nairobi junior High contributed to my success"

To the continuing students, I would like to urge you to maintain the excellent standards of behaviour and academics and endeavor to participate in as many school activities as possible. Sometimes, you may never know your true potential until you explore it. As it is said "Push yourself, because no one else is going to do it for you".

Finally, I would like to thank all teachers for their dedication and hard work in making learning come alive at Oshwal Academy Nairobi Junior High. I would also like to thank the Year Book Committee for their time and hard work putting this year book together. They have done a fantastic job and on behalf of all senior staff we want to say how proud we are of the finished article. We really hope you enjoy it for many years to come.

## FROM DEPUTY HEAD'S DESK

The Senior High Campus has over the years earned a reputation of being a centre of excellence and a source of inspiration for our students. The family atmosphere and the everlasting memories that the graduates carry with them, is a widely cherished culture at senior high. However, as the senior school years draw to a close, there's also a tinge of sadness. It will be the last time that many will meet, speak and make memories together. The year book gives the students the perfect opportunity to leave their marks for years to come and proudly look back at their achievements.

Even though the Yearbook is printed as a supplement to the other school publications, it retains its own distinctive identity and provides an avenue for longer, in-depth explorations of past events and activities within our school community. In this Yearbook articles, we have summarized and synthesized significant issues in all subfields of curriculum that have taken centre stage in the academic year. As evident in this edition, we have lived to our mission of making a positive difference in the lives of students and the community in general. Our innovative and effective co-curricular and extra-curricular programs have given students the opportunity to engross themselves in varied sports, diverse cultural and talent exhibitions as well as new participation in international arena. All of this year's articles represent new horizons and reviews that will

hopefully have lasting memories in the hearts of our future alumni; we hope you will find them informative.

I wish to take this opportunity to appreciate the entire Senior High colleagues and the ICT team for their tireless effort to make this book a success. They have worked diligently to ensure that Yearbook articles are of the highest quality. I would like to also recognise the many reviewers who generously gave of their time in providing thoughtful comments to the editorial team. Your enthusiasm, dedication and wonderful to contribution in compiling this book is highly valued.

Have an enjoyable read through the Senior High Campus section
