Head's message

Every new beginning is an opportunity to grow, discover and shine.

It gives me immense pleasure to warmly welcome all our new admissions and returning learners to Oshwal Academy Nairobi Nursery School for the New Academic Year 2026–2027.

As we begin another exciting year of learning and discovery, I am delighted to share some of the wonderful improvements and renovations that have been undertaken in preparation for the new academic year. Our aim has always been to provide our learners with an environment that is safe, stimulating, comfortable and inspiring.

We have better and brighter spaces for our learners and are pleased to introduce the following improvements across the school. Brand-new window ing new wall and floor tiling, enhanced lighting and plumbing, new sinks and water-efficient taps. Curtains have been installed in MPH 2 and the ICT Lab to provide better light control and reduce screen glare. High-grade stainless-steel cupboards have been installed in the kitchen, enhancing storage efficiency while supporting the highest standards of hygiene. Worn-out canopies have been replaced, together with new metal roofing for MPH 2, providing improved all-weather protection. Our riding area now has more exciting, high-quality bikes, adding even more fun and opportunities for active play.

These improvements reflect our continued commitment to creating spaces where our learners can learn, play, explore and thrive.

As each academic year progresses, we strive to provide our learners with diverse opportunities to explore their talents, develop new skills and build confidence.

This term, we are excited to introduce our first-ever Aquathlon 2026.

This special event will give our young learners an opportunity to participate in a multi-sport challenge that promotes physical endurance, coordination, confidence and, most importantly, the spirit of participation.

Designed specifically for our Reception athletes, the Aquathlon will feature age-appropriate swimming distances, differentiated according to each child's ability. Learners will swim from the shallow end to the shallow end, while those ready for the next challenge will complete a full pool length ending at the deep side. All participants will complete a common running distance.

The event will allow every learner tc experience the excitement of completing an Aquathlon in a supportive, encouraging and positive environment. Through the transitions between running and swimming, our young athletes will have opportunities to develop focus, perseverance, confidence and resilience, while celebrating teamwork and sportsmanship with their peers.

We believe that experiences such as these help our learners discover that achievement is not simply about winning, but about trying, persevering, supporting one another and being proud of what they can accomplish.

As we embark on this new academic year, we call it a year of discovery and growth. Let us continue working together as a school community to nurture curious minds, kind hearts and confident young learners.
"The beautiful thing about learning is that no one can take it away from you." – B.B. King
May this new academic year be filled with joyful learning, exciting discoveries, meaningful friendships and countless opportunities to shine.

We wish all our learners and families a wonderful, successful and memorable academic year 2026–2027.
Welcome back, and let the journey of learning, discovery and growth begin!

Ms. Rooma Mali
Head of School
Nursery Campus

The new academic year has officially begun. Following a restful break, our campus is bustling with enthusiastic learners and dedicated staff, eager to embark on new educational adventures. A child's educational journey truly commences on the first day of school. To foster a positive and welcoming atmosphere, we designated Tuesday, 25th August 2026, as "WELCOME TO SCHOOL DAY." We aimed to ensure that both returning and new learners felt comfortable and excited about attending school.

For new admissions, the orientation took place on Wednesday, 26th August 2026. The children quickly settled into their classrooms, and the teachers engaged them in a variety of icebreaker activities, such as card-making, hat-making, painting, dancing, and outdoor games. The entire day was a resounding success, setting the stage for a productive and enjoyable academic year.

On **Wednesday, 26th August** Junior Robotics conducted an engaging introductory session for our Reception learners. The session introduced age-appropriate robotics concepts through fun, interactive activities designed to build foundational skills.

At Oshwal Academy Nairobi Nursery, we remain committed to continually integrating innovative learning experiences into our curriculum. By exposing our learners to trending technologies, we ensure they develop practical, modern skills to support their early development and learning journey.

On **Thursday, 27th August** our Kindergarten and Reception learners had a fantastic time at a Cricket Festival. It was a wonderful opportunity for the children to get hands-on experience with various games and activities related to cricket.

We saw a lot of fun, engagement, and enthusiasm as the young learners explored the different stations. The event was a huge success, fostering teamwork, coordination, and a love for the sport in a playful and engaging environment. The children's excitement was clear, and it was a joy to see them having so much fun.

On Saturday, 29th August 2026, Oshwal Academy Nairobi Nursery successfully hosted its Open Day and Curriculum Orientation at MPH 2 for parents across all year groups. The morning session brought together continuing Kindergarten and Reception families for an introduction to the school's leadership, coordinators and teaching staff, followed by detailed classroom curriculum briefings. In the second session, Ms. Rooma Mali (Head of Campus) and Ms. Chepngetich Koech (Deputy Head) presented the school's vision, mission, and educational philosophy to Playgroup, Preschool, and new admission parents. New families also completed Year Coordinator-led tours of the co-curricular stations and met with class teachers, successfully establishing a clear picture of school life and strengthening school-home partnerships for the academic year ahead.

The school recently inaugurated its new units of work through a series of celebratory events known as "entry points." The primary objective of these celebrations is to establish a thematic connection between the curriculum's learning experiences and learners' daily lives, thereby deepening their understanding of particular topics, skills, and strategies for application both within and beyond the classroom.

On Friday, 28th August 2026, the Reception classes celebrated their unit of work, "**The Blast off**", with a festive event held on the school field. The celebration featured a range of engaging activities, including a simulated sports and space related activites which served as an immersive introduction to their new academic theme.

On Tuesday, 1st September 2026, our Kindergarten learners celebrated their "**Weather Wonder**" unit with an interactive event on the school field. Through dynamic, activity-based learning experiences, children actively explored weather concepts and atmospheric elements in action.

The hands-on event served as an engaging bridge to their next academic theme, successfully deepening the learners' understanding while fostering curiosity in a fun, collaborative setting.

On Wednesday, 2nd September 2026, our Preschool learners celebrated their unit of work "**This is me**" with an interactive, activity-based event held at MPH 2. Through hands-on learning stations and engaging tasks, the children actively explored key concepts that brought their theme to life.

The dynamic celebration successfully fostered curiosity, self-expression, and teamwork while providing an exciting, immersive transition into their upcoming academic topic.

On Monday, 14th September 2026, our Playgroup learners celebrated their "**Healthy Habits**" unit with an engaging, activity-based event on the school field. To bring essential wellness concepts to life, children rotated through three immersive stations: selecting fresh produce at a mock fruit market, learning about care and wellbeing in a hospital setup, and practicing proper handwashing techniques. The hands-on celebration provided a fun, practical foundation for healthy living while serving as an exciting introduction to their new academic theme.

Educational field trips play a major role in giving learners first-hand practical experience. This term, learners were able to visit various places and explore the unit of work. Each class was divided into groups.

The **Reception class** visited the **Graviton Play** area on 31st August and 1st September 2026.

Kindergarten class visited Karura Forest on 2nd and 3rd September 2026.

Preschool class visited the Garden City Mall Play area on the 10th and 11th of September 2026.

IED class visited Stedmak Gardens on 7th September 2026.
The trips were educational and a great success. Learners were very excited and had a lot to share about their experiences.

Reading proficiency, which includes fluency, competence, and comprehension, is not solely developed through word decoding. This essential skill is cultivated through a comprehensive approach that relies on a strong partnership between teachers and parents.

To emphasize this shared responsibility, our school hosted a Reading Workshop for all Kindergarten parents. The event, held in the MPH 2 on Wednesday, 9th September 2026, was designed to provide valuable strategies and insights to support their children's reading journey.

Individualized Education Programs (IEPs) are carefully crafted by collaborative teams consisting of experts from various disciplines within our school.

These dedicated teams work with family members to create comprehensive plans tailored to each student's unique needs. Through open dialogue and shared insights, we strive to create an environment where every student can thrive and reach their full potential.

Our Inclusive Education Department recently organized IEP meetings as we value the invaluable time and contributions of parents and believe that with the unwavering determination of teachers, students, and family members, the goals outlined in these IEPs will be achieved in due course.

Our school recently hosted an engaging Montessori Play event on **Saturday, 19th September 2026,** offering our learners a wonderful platform to explore and build essential skills. Guided by our dedicated teachers, the children rotated through four stations every 15 minutes. In Practical Life Activities, the learners practiced fine and gross motor skills through dressing frames, colour pairing, and pouring exercises. The Sensory & Fine Motor station featured beading, pegboards, and tactile discovery baskets to boost hand-eye coordination. Cognitive & Language Activities challenged learners with knobbed puzzles, object matching, and guided storybooks to expand vocabulary. Finally, Creative & Gross Motor Activities brought high energy as the learners built LEGO structures, enjoyed push-and-pull play and created rhythms with tambourines and shakers. The event was a wonderful triumph, celebrating hands-on learning and growth!

On **Wednesday, 23rd September**, our school proudly hosted a friendly **PIPPSA U6 Athletics** event. The occasion brought together approximately 40 external learners and 20 of our own Reception learners, all of whom showcased great energy and sportsmanship. It was a wonderful opportunity for the children to engage in a fun and supportive athletic environment. Following the events, all participating learners were proudly awarded with certificates, recognizing their effort and enthusiasm.

On Saturday, 26th September 2026, Oshwal Academy Nairobi Nursery successfully hosted the "Together We Twirl" event for Playgroup parents and caregivers at the Nursery campus. Parents and children participated enthusiastically alongside class teachers in simple, engaging movement and dance routines designed to promote physical coordination and family bonding. Following the interactive session, families gathered at the school sandpit to socialize, fostering a strong sense of community among our new Playgroup cohort. The event was well-received by attending parents, serving as a warm and active engagement opportunity to kick off the school term.

We conduct class-wise assemblies every Tuesday and Thursday, providing an inclusive platform where every learner in the class actively participates and gains valuable stage exposure. Each assembly's presentation is directly aligned with the term's specific Unit of Work, allowing learners to deepen and showcase their learning in a meaningful context. These assemblies offer them a wonderful opportunity to express themselves, build public speaking confidence, and demonstrate key concepts to an audience, with parents invited to attend and celebrate their progress. Ultimately, this recurring initiative not only reinforces classroom learning through performance, but also strengthens our home-school partnership by actively involving parents in our campus community.

Our Reception Classes host a monthly Reading Attribute Awards Program to recognize selected learners for demonstrating key reading behaviours, such as curiosity, perseverance, and active engagement.

Designed as an inclusive recognition system, the award cycle ensures that every child receives an award by the end of the academic year, giving all learners an opportunity to be celebrated. This ongoing initiative serves as a powerful motivator, continuously reinforcing positive reading habits while helping learners build confidence and perfect their early literacy skills.

A Journey of Learning, Growth and Possibilities

A new academic year brings with it more than the turning of a calendar page—it brings renewed hope, fresh possibilities, and countless opportunities to learn, grow and make a difference.

As we look back on the opening month of the 2026–2027 academic year at Oshwal Academy Nairobi Primary, September stands out as a month filled with energy, enthusiasm, discovery and purpose. From welcoming our learners and new members of our school family to nurturing leadership, celebrating talent, strengthening partnerships with parents and creating meaningful learning experiences beyond the classroom, every moment has contributed to building a vibrant and purposeful learning community.

Our learners have embraced new challenges with confidence and curiosity. They have demonstrated that education extends far beyond academic achievement—it is about developing character, discovering talents, building relationships, serving others and acquiring the resilience and self-belief needed to navigate an ever-changing world. This month has also reminded us that every learner has a story to tell, a talent to share and a potential waiting to be unlocked.

Through assemblies, leadership opportunities, reading initiatives, educational experiences, cultural presentations and sporting activities, our children have been given opportunities to express themselves, collaborate with others and discover the joy of learning. At the heart of all these experiences is our shared commitment to holistic development. We believe that when school and home work together, when teachers inspire and learners engage, and when every child is encouraged to strive for excellence while remaining kind, respectful and resilient, we create an environment where every learner can thrive.

As we turn the pages of this newsletter, we invite you to celebrate with us the achievements, experiences and memorable moments that have shaped the beginning of our academic journey. May these stories inspire us to continue learning with purpose, leading with integrity, growing with confidence and moving forward together.

Here's to a year of endless possibilities, meaningful experiences and remarkable growth!

Ms. Anjana Vijayan
Head of School
Primary Campus

"A new school year means new beginnings, new adventures, new friendships and new challenges." Denise Witmer

Excitement, enthusiasm and anticipation filled the air as Oshwal Academy Nairobi Primary officially welcomed students back for the 2026–2027 Academic Year on Tuesday, 25th August 2026. From the moment learners arrived on campus, they were greeted with warm smiles and cheerful welcomes from members of the Primary Campus staff. Whether stepping out of vehicles or walking through the gates alongside their parents, students radiated joy and confidence, ready to embrace a new year of learning, growth and discovery.

The festive atmosphere was made even more memorable by vibrant welcome banners, where students paused to capture special first-day photographs, creating lasting memories of this exciting milestone. Adding to the celebratory spirit, lively music and uplifting welcome songs echoed across the campus, filling the morning with energy and positivity.

In addition, a warm welcome was extended to our new students and parents as they joined the Oshwal Academy family. Members of the Senior Leadership Team and the Heads of Year Groups were on hand to personally greet families, offering encouragement and heartfelt wishes for a successful and rewarding year ahead. The smiles, excitement and sense of belonging witnessed throughout the day reflected a community united in purpose and optimism. As we embark on this new academic journey together, we look forward to a year filled with achievement, meaningful experiences and countless opportunities for every learner to thrive. **Welcome back and here's to an outstanding 2026–2027 Academic Year!**

The 2026–2027 Academic Year officially began on a high note during our first school morning assembly held on Friday, 28th August 2026. The atmosphere was filled with excitement and enthusiasm as the Head of School, Ms. Anjana Vijayan, warmly welcomed learners, staff and the entire Primary campus family back to school. In her inspiring address, Ms. Vijayan shared the core values that will guide our community throughout the academic year: respect, kindness, self-care, self-belief and perseverance. She encouraged all learners to embrace these principles in their daily lives, reminding them that every challenge presents an opportunity to learn, grow and succeed.

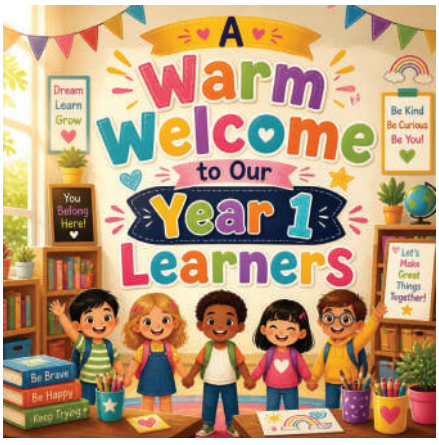

A special highlight of the assembly was the introduction of our new students and staff members, who were warmly welcomed into the Oshwal Academy family. They confidently introduced themselves by sharing their names, former schools, and hobbies, giving everyone an opportunity to get to know them better. We are delighted to have them join our vibrant learning community and look forward to the unique contributions they will bring. The assembly also provided an overview of the exciting term events, programmes and school activities planned.

"The journey of a thousand miles begins with a single step." — Sun Tzu

On Wednesday, 26th August 2026, Oshwal Academy Nairobi Primary proudly opened its doors to our newest members of the Primary Campus family as we welcomed our Year 1 learners for their very first day of school. The campus was filled with excitement, curiosity and joyful anticipation as students arrived accompanied by their proud parents.

A vibrant welcome board provided the perfect backdrop for memorable first-day photographs, capturing the smiles, enthusiasm and confidence of our young learners as they embarked on this exciting new chapter of their educational journey. Adding to the warmth of the occasion, our Head of School personally welcomed the Year 1 students, making them feel valued and at home from the very start. Class teachers and assistant teachers were also on hand to warmly receive the learners, ensuring a smooth and comfortable transition into their new learning environment.

It was heart-warming to witness the children's eagerness and confidence as they explored their new surroundings, met their teachers and began building new friendships. The positive energy and bright smiles on display were clear indicators of a promising and successful year ahead. We extend a very warm welcome to all our Year 1 learners and families and look forward to supporting them as they learn, grow and thrive throughout their Primary School journey at Oshwal Academy Nairobi Primary.

"Success begins with clear goals, shared purpose and the determination to achieve excellence together."

On Thursday, 27th August 2026, Oshwal Academy Nairobi Primary was filled with energy and purpose as students gathered for their first Year Group Meetings of the 2026–2027 Academic Year. Led by our dedicated Heads of Year Groups, these important sessions set the tone for a productive and successful term ahead. The meetings provided an opportunity for learners to gain a clear understanding of the expectations that will guide them throughout the term. Key areas discussed included behaviour and discipline, personal grooming, housekeeping routines and the exciting calendar of academic and co-curricular activities planned for the months ahead. Students were encouraged to embrace responsibility, demonstrate respect and strive for excellence in all that they do. More than just an orientation session, the meetings served as a powerful reminder of the values that unite our school community. Through meaningful discussions and words of encouragement, learners were inspired to set high standards, remain focused on their goals and contribute positively to the school environment. With a shared vision, renewed enthusiasm and a commitment to excellence, our students are well prepared for a rewarding term of learning, growth and achievement.

On Saturday, 29th August 2026, our newly appointed prefects participated in an enriching Prefects' Training and Team Building Session conducted by the Behaviour Management Team under the leadership of the Pastoral Coordinator.

The session focused on nurturing servant leadership by emphasizing that true leadership is demonstrated through actions rather than titles. Prefects were encouraged to lead by example, empower others, foster confidence and embrace their responsibilities with integrity and dedication. During her opening remarks, the Head of School highlighted two key pillars of effective leadership: discipline and teamwork. She encouraged the prefects to support one another, work towards a shared vision, uphold mutual respect, and contribute to creating a safe and inclusive environment for all members of the school community.

Throughout the training, the Pastoral Coordinator and the Behaviour Management Team guided the prefects through their roles and responsibilities while equipping them with essential leadership skills. The learners explored best practices in decision-making, conflict resolution, time management, communication and leading by positive example. The day culminated in a series of engaging and enjoyable team-building activities held on the school field.

These activities fostered collaboration, strengthened teamwork and enhanced communication skills, while creating opportunities for the prefects to build meaningful connections with one another. We are confident that the skills and values gained from this session will empower our prefects to serve as responsible, inspiring and effective leaders within the Oshwal Academy Nairobi Primary community.

"Every day is a chance to learn something new, discover a hidden talent and inspire those around us." Our morning school assemblies have set a vibrant and inspiring tone for the term as learners and staff gather to celebrate talent, creativity and important life lessons. We have been thoroughly entertained by the Music Department, which presented a captivating showcase of instrumental music and dance performances that left everyone energized and inspired. The assembly came alive with remarkable displays of talent as one student beautifully played the saxophone, mesmerizing the audience with confidence and skill, while another delivered a delightful piano performance.

The excitement continued when two girls took to the stage with an electrifying dance presentation that captivated the entire assembly. Bringing the showcase to a fitting conclusion, a student performed a melodious rendition of Kingston Town accompanied by a guitar, creating a memorable and enchanting musical experience for all. The performances were a wonderful reminder of the diverse talents within our school and the importance of providing learners with opportunities to express themselves creatively.

On Monday 7th September 2026 the assembly was enriched by a delightful musical performance from three talented students from the Music Department, whose piano recital set a positive and uplifting tone for the week ahead. During the assembly, the Head of School warmly introduced the new students who had recently joined the Oshwal Primary Campus family and welcomed them into the school community. She also reminded learners of the importance of moving in an orderly manner from one place to another within the school and emphasized the need to maintain a calm and respectful environment by avoiding excessive noise that can contribute to noise pollution.

On Friday, 11th September 2026, Class 2A captivated the school community with an engaging assembly presentation on the topic "Lawyers." The learners confidently shared key information about the role and importance of lawyers in society, demonstrating a commendable understanding of the profession. Their presentation featured a well-performed skit based on a school setting, which effectively highlighted the work of legal professionals in everyday situations. The assembly concluded with a beautiful song that reinforced the central message of their presentation, encouraging honesty and the importance of always speaking the truth.

On Monday, 14th September 2026, learners and staff gathered for a highly informative and entertaining school assembly. The highlight of the morning was a spectacular presentation by Class 5A on the Luhya culture. The learners confidently showcased various aspects of the community, including its traditions, social practices, economic activities and cultural festivals. Their presentation was both educational and engaging, culminating in a vibrant and captivating Luhya cultural song that left the audience inspired and appreciative of Kenya's rich cultural heritage.

On Friday, 25th September 2026, we were treated to a delightful presentation by Class 2B, who captivated the audience with their confidence and enthusiasm.

Aligned with the theme "Different Professions," the class highlighted the important role of Security Personnel in our society. Through a short but impactful skit, the learners demonstrated the significance of security officers in safeguarding people, property and communities, while emphasising the values of responsibility, vigilance and service. The presentation was further enriched by a beautiful and lively song that energised the entire congregation and perfectly concluded their performance. The learners showcased remarkable confidence, creativity and teamwork, earning well-deserved applause from students and staff alike.

Primary House Meetings

"Talent wins games, but teamwork and intelligence win championships." – Michael Jordan
The spirit of teamwork, collaboration and healthy competition came alive during the school House Meetings at the Primary Campus. Houses serve as smaller families within our school community, bringing students together to build meaningful connections, strengthen house spirit and prepare for various inter-house events throughout the year.

On Monday, 31st August 2026, members of Venus, Mars, Neptune and Saturn Houses gathered for an engaging and productive meeting focused on planning and strategising for the upcoming Annual Sports Day. Students enthusiastically discussed ways to work together, support one another and contribute towards their house's success in the much-anticipated event.
The meetings also provided an excellent opportunity for students to learn about upcoming school activities and participate in the leadership selection process for their respective houses. Through a democratic and inclusive process, students elected their House Captains and Deputy House Captains, demonstrating responsibility, leadership and active participation in school life. The excitement and enthusiasm displayed throughout the meetings reflected the strong sense of belonging and pride within each house.

Nurturing Connections and Inspiring Success.

"Education is most powerful when schools and families work hand in hand to support every child's growth and development."
At Oshwal Academy Nairobi Primary, we believe that a strong partnership between parents and educators creates the foundation for a successful and enriching learning journey. On Saturday, 12th September 2026, we were delighted to welcome our Year 3, Year 4 and Year 5 parents for the annual Meet and Greet Session, a meaningful event designed to strengthen the bridge between home and school at the beginning of the academic year. The session provided an excellent opportunity for parents to connect with their children's new class teachers and gain a deeper understanding of the educational experiences that await their children during the 2026–2027 academic year.

Through informative and engaging discussions, parents were introduced to the school's academic programmes, co-curricular activities, classroom expectations, routines and learning objectives that will guide students throughout the year. The atmosphere was warm, collaborative and focused on ensuring that every learner receives the support and encouragement needed to achieve their full potential. Beyond sharing information, the gathering fostered open dialogue and meaningful engagement. Parents had the opportunity to ask questions, seek clarification and exchange ideas with teachers, creating a shared understanding of how best to support each child's academic, social and emotional development. These interactions reinforced the importance of teamwork and highlighted the vital role parents play in helping learners navigate new challenges, build confidence and embrace opportunities for growth. As we embark on another exciting academic year, we are grateful for the trust, commitment and partnership demonstrated by our parents. Their active involvement continues to strengthen our vibrant school community and contributes significantly to creating an environment where every child feels valued, supported and inspired to succeed. Together, we look forward to a year filled with learning, achievement and memorable experiences.

"Coming together is a beginning, keeping together is progress and working together is success." – Henry Ford

At Oshwal Academy Nairobi Primary, we remain committed to fostering strong partnerships between home and school, recognising that meaningful collaboration is key to every child's success. On Saturday, 5th September 2026, we had the pleasure of welcoming **Year 1, Year 2 and Year 6 parents for our annual Meet and Greet Session**, a valuable opportunity to begin the new academic year on a foundation of mutual understanding and shared purpose.

The interactive session provided parents with the opportunity to meet their children's new class teachers and gain insight into the exciting journey that lies ahead in the 2026–2027 academic year. Parents were taken through the school's academic and co-curricular programmes, routines, expectations and standards that will guide teaching and learning throughout the year. The discussions focused on establishing productive working relationships and creating a supportive environment that enables every learner to thrive academically, socially and emotionally.

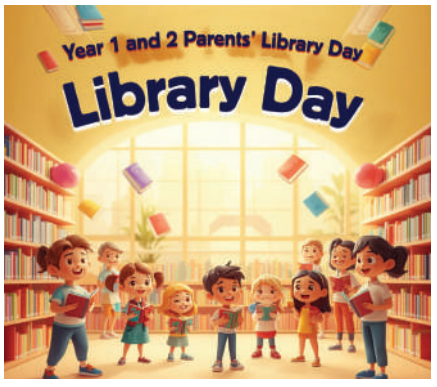

The session also served as an important platform for open communication, allowing parents to seek clarification on various aspects of school life while strengthening the partnership between teachers and families. These conversations help ensure a smooth and seamless transition for learners as they settle into new classes, embrace new experiences and embark on another year of growth and achievement.

A special briefing was conducted for Year 6 parents, who were taken through the preparations for the 2027 Cambridge Checkpoint Examinations. The session provided valuable insights into the examination process, expectations and support strategies that will help learners approach this important milestone with confidence and preparedness.

"Libraries allow children to ask questions about the world and find the answers. And the wonderful thing is that once a child learns to use a library, the doors to learning are always open." – Laura Bush

At Oshwal Academy Nairobi Primary, we are committed to nurturing a lifelong love for reading among our learners. Reading is a priceless gift that enriches young minds, stimulates imagination, strengthens language skills and supports cognitive development. When cultivated from an early age, the habit of reading lays a strong foundation for lifelong learning and academic success. To support this vision, our school runs a structured reading programme across all classes, guided by our dedicated teachers and library team.

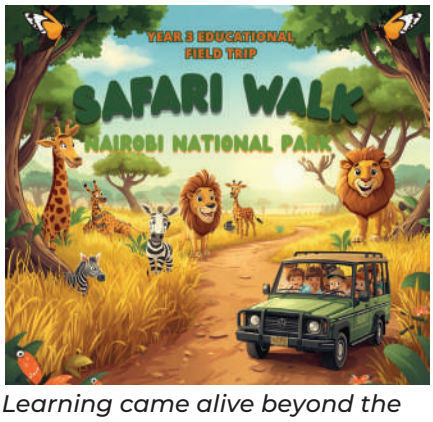

On Saturday, 19th September 2026, we had the pleasure of hosting the **Year 1 and Year 2 Parents' Library Day,** a meaningful event designed to strengthen the partnership between home and school in fostering a reading culture among our learners. Guided by this year's theme, "One Library, A Thousand Worlds," parents had the opportunity to engage in an insightful and interactive session led by our school librarians. The session provided parents with a comprehensive overview of the library experience and highlighted the many ways in which the library supports learning and literacy development. Parents were taken through various stations, including the Library Classroom, Library Experience, Detection Desk and Page-to-Screen Sessions, each offering valuable insights into how learners interact with books and information in today's dynamic learning environment. A key message resonated throughout the event: Developing strong reading habits requires a collaborative effort between educators and parents. Through meaningful discussions and shared experiences, parents gained practical strategies to encourage reading at home and support their children's literacy journey.

Learning came alive beyond the classroom walls on Friday, 18th September 2026, when our enthusiastic Year 3 learners, accompanied by their dedicated teachers, embarked on an exciting educational field trip to the Nairobi National Park – Safari Walk.

The visit provided a unique opportunity for learners to connect classroom learning with real-life experiences in a natural environment. As they explored the Safari Walk, the learners encountered a variety of wildlife species and gained valuable insights into Kenya's rich biodiversity, wildlife conservation efforts and the importance of protecting natural habitats.

The experience sparked curiosity, encouraged observation skills, and deepened their understanding of the natural world. Throughout the trip, the learners demonstrated great enthusiasm, responsibility and eagerness to learn. They actively engaged in discussions, asked thoughtful questions and enjoyed observing animals in settings that closely resemble their natural habitats. The excursion not only enhanced their knowledge but also fostered a greater appreciation for environmental conservation and the role each individual plays in safeguarding our planet. The field trip was a memorable and enriching experience, reinforcing the belief that some of the most meaningful lessons are learned through exploration and discovery. We commend our Year 3 learners for their exemplary conduct and extend our gratitude to the teaching staff for ensuring a safe, enjoyable and educational outing. As always, we remain committed to providing authentic learning experiences that inspire curiosity, broaden horizons and nurture lifelong learners.

"Champions are not made in a day; they are made through preparation, perseverance and practice."

In preparation for our upcoming Annual Sports Day, excitement and enthusiasm filled the air as students and teachers came together for the rehearsals on Wednesday, 23rd September 2026. The sessions provided an opportunity for learners to familiarise themselves with their respective events and refine their skills ahead of the big day. Students demonstrated remarkable dedication and commitment as they worked tirelessly to perfect their execution of the events allocated to them. Guided by their teachers, they practised with focus, determination and a strong desire to give their very best during the actual competition.

The rehearsals not only enhanced students' confidence and readiness but also fostered teamwork, discipline and sportsmanship. As the anticipation for the Annual Sports Day continued to build, our learners remained motivated and eager to showcase their talents, resilience and house spirit on the much-awaited day.

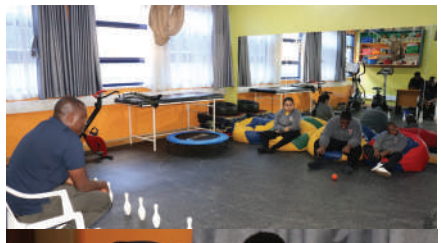

A Joyful and Inspiring Beginning to the New Academic Year!

The new academic year commenced with an atmosphere of excitement and positivity as students returned to school, their faces lit up with bright smiles and a renewed enthusiasm for learning. The department was alive with warm greetings, cheerful chatter and the bubbling energy of students eager to embrace the opportunities ahead.

From the very first day, the transition back to school was seamless. Classrooms buzzed with activity as teachers and students engaged eagerly in lessons. The students demonstrated a genuine eagerness to participate, explore new concepts and deepen their understanding. Their positive outlook and spirited approach created an inspiring environment that motivated educators to craft engaging and meaningful learning experiences, setting a vibrant tone for the entire academic session.

Adding to the excitement, preparations for Sports Day began immediately, with students enthusiastically practising their routines and drills. The playground was transformed into a hub of energy, filled with the sounds of rhythmic drills, encouraging cheers, and teamwork as students collaborated and motivated each other. This proactive approach not only fostered a spirit of healthy competition but also strengthened camaraderie and sportsmanship among the students.

Overall, this enthusiastic start to the year reflects the students' eagerness to grow academically, develop new skills and actively participate in diverse aspects of school life. It exemplifies their readiness to learn, collaborate and make the most of every opportunity inside and outside the classroom, laying a strong foundation for a memorable and successful academic year.

SPORTS CORNER

As we conclude September and complete the first month of Term 1 academic year 2026/2027, the Sports Department is pleased to reflect on a highly active and productive sporting period. Throughout the month, students demonstrated outstanding enthusiasm, commitment, teamwork and sportsmanship while participating in various sporting activities and preparations leading up to the Annual Sports Day held on Saturday 26th September 2026.

The term commenced with great excitement as students were welcomed back for the 2026/2027 academic year. The Sports Department outlined an ambitious sporting calendar highlighted by the Annual Sports Day. Learners actively engaged in Physical Education lessons aimed at developing fitness, skills and sportsmanship. Students were also introduced to numerous sporting opportunities, including Cricket, Football, Swimming, Athletics, Water Polo, Bikeathon, Duathlon and Table Tennis, providing avenues for participation, personal growth and representation of the school.

The focus shifted towards Sports Day preparations as students settled into school routines and eagerly participated in house selection trials and practice sessions. Participation levels were excellent, with learners demonstrating teamwork, discipline and determination during races and obstacle events. Many students earned places to represent their respective houses, while ongoing selections provided additional opportunities for others to secure team positions. Learners were encouraged to consistently attend practice sessions and come properly equipped for Physical Education activities to maximize both performance and safety.

Students continued to show dedication during their regular Physical Education lessons and Sports Day training sessions. Participation remained consistently high as learners worked to improve their skills, fitness and confidence ahead of the much-anticipated Sports Day. An additional highlight was the participation of the school's cycling team in the PIPSSA Bikethon and Duathlon held at Potterhouse School on 12th September 2026. This event provided an excellent platform for our cyclists to demonstrate talent, determination and sportsmanship while proudly representing the school.

The culmination of weeks of preparation was witnessed during the successful Annual Sports Day held on Saturday 26th September 2026. Students participated enthusiastically across various track and field events, proudly representing their houses while exhibiting resilience, discipline, teamwork and sportsmanship. The event provided a memorable celebration of athletic excellence and school spirit, bringing together students, staff and families in support of healthy competition and personal achievement.

September has been a month of significant achievement and growth within the Sports Department. Students have

embraced every opportunity to develop physically, socially and emotionally through sport. Their positive attitude, dedication to training and willingness to challenge themselves have been commendable throughout the month. Together, we have fostered an environment that promotes excellence, participation, teamwork and holistic development.

As we move into October and the remainder of Term 1, we look forward to building on this momentum, celebrating further achievements and continuing to provide enriching sporting experiences for all learners.
"Success in sport is not measured only by victory, but by the commitment, perseverance and character displayed along the journey.

Head's message

A warm welcome from the summer holidays! September has been a truly vibrant and memorable month at Oshwal Academy Nairobi Junior High Campus! Following the reopening of the school in late August, we embarked on a fresh academic journey filled with renewed enthusiasm, exciting opportunities and ambitious aspirations for the new academic year. The highlight of the month was undoubtedly the celebration of our outstanding 2026 IGCSE results! Our students surpassed themselves, achieving remarkable outcomes that exceeded our expectations.

We extend our heartfelt congratulations to all our former Year 11 students for their exceptional accomplishments. As they embark on exciting new chapters in their lives, we wish them every success, happiness and fulfilment in their future endeavours. You have made us immensely proud! Traditionally, September is one of the busiest and most exciting months on our Junior High calendar, and this year was no exception. We kicked off our activities with the much-anticipated Annual Cross Country at the beautiful and scenic Karura Forest. Surrounded by lush greenery and refreshing natural scenery, our students thoroughly enjoyed the opportunity to get outdoors, embrace physical activity and strengthen friendships while demonstrating resilience, determination and sporting spirit.

Another magnificent highlight was our Annual School Day, which doubled as our Annual Prize Giving Day, the crown jewel of our school calendar. The beautifully decorated hall provided a splendid setting for this prestigious celebration of excellence and achievement. Our eager awardees proudly received their well-deserved academic and sporting awards, while parents and relatives watched with immense joy and heartfelt pride. We congratulate all our awardees and sincerely thank their parents for their unwavering support, as well as our dedicated teaching faculty for their exceptional guidance, commitment and tireless efforts in nurturing these achievements. September also witnessed the successful selection of our various school sports teams.

Our talented boys and girls demonstrated impressive skill, teamwork and determination, performing exceptionally well in various KAIS fixtures and friendly matches. We are delighted by their achievements, with our teams emerging on top in Cricket, Netball, Soccer and Volleyball. These accomplishments reflect the enthusiasm of our students and the dedication of our sports coaches in promoting a vibrant culture of sporting excellence. In the spirit of international learning and cultural appreciation, our Year 11 French students visited Alliance Française, where they had a wonderful opportunity to experience the French language and culture beyond the classroom. This enriching visit brought their learning to life and provided an exciting glimpse into the beauty and diversity of the Francophone world.

Indeed, September has been a super month, bursting with academic celebrations, sporting triumphs, cultural exploration, joyful gatherings and unforgettable experiences. We are grateful to our parents, teachers, support staff and the entire Oshwal community for their continued partnership and contribution to our students' growth and success. As we turn the page to October, we look forward to another exciting month filled with fresh opportunities, meaningful learning and inspiring achievements. Together, let us continue to nurture confident, compassionate, resilient and forward-thinking young people who are ready to make a positive difference in the world. Wishing all our families a wonderful October. Let the exciting journey continue!

Mrs. Sujata Yanamandra.
Head of School
Junior high Campus

PASTORAL TALK – YEAR 7 & YEAR 9

Year 7 and Year 9 students explored **good friendships, healthy relationships and responsible social media use, focusing on respect, kindness, positive choices** and staying safe online.

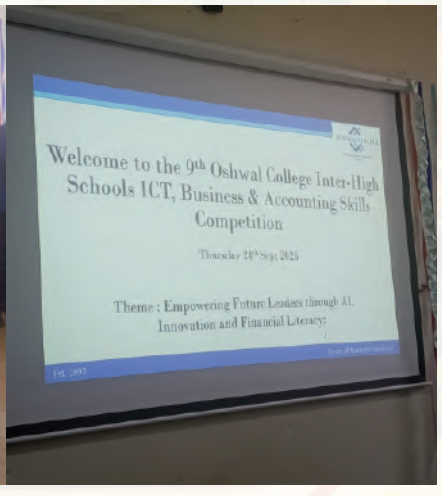

Our Year 10 students explored the **STEM Room** through an engaging Human Biology session, gaining practical insights into the human body and connecting classroom learning with hands-on experiences.

ACCOUNTING, BUSINESS & ICT CHALLENGE

The challenge encouraged students to **think critically, solve problems, work collaboratively, and demonstrate creativity and innovation**. In Accounting, students applied financial concepts and analytical skills; in Business, they explored entrepreneurship, decision-making and leadership; while ICT challenged them to apply their digital knowledge and technological skills.

Oshwal Academy Junior High, Nairobi, hosted its Annual Cross **Country, bringing together students in a celebration of fitness, teamwork and sportsmanship.** Our students displayed remarkable determination, discipline and perseverance as they took on the challenge with enthusiasm and team spirit.

A day of running, resilience and school spirit!

Oshwal Academy Junior High, Nairobi, proudly celebrated its **Annual Prize Giving Day,** recognizing and honouring students for their **academic excellence, outstanding achievements, talent and commitment.** The occasion was a celebration of hard work, perseverance and the continued pursuit of excellence. **Celebrating achievement. Inspiring excellence. Building tomorrow's leaders.**

Head's Message

September is the bridge between summer's warmth and autumn's charm. Walk it with grace and purpose.

HAPPY SEPTEMBER!

Welcome to this month's edition of our Newsletter. As we settle into the rhythm of the Term, I am continuously inspired by the energy, dedication, and resilience demonstrated by our students. This past month has been filled with remarkable achievements from the classroom to the sports fields and creative arts. Our students are truly embodying our core values, pushing boundaries and supporting one another in their academic and personal growth.

Looking ahead, the upcoming weeks bring vital milestones for our senior cohorts. We are approaching key assessment periods, and our faculty remains dedicated to ensuring every student feels prepared, confident and supported.

I encourage our families to maintain open lines of communication with teachers as we work together to help our students achieve their highest potential.

Thank you for your continued partnership and for being an integral part of our vibrant school community.
Please take a few moments to enjoy the vibrant journey in September, starting mid-August

HAPPY READING

Dr. Kavita Khullar
Head of School
Senior High Campus

The Kenya Secondary Schools Sports Association (KSSSA) National Games 2026 were held at Mpesa Foundation Academy. Oshwal Senior High was proudly represented by six students who competed in Table Tennis, Badminton and Lawn Tennis.

Sport	Student
Table Tennis Girls	Khushi Malde
Table Tennis Boys	Sayam Jakharia
Badminton Girls	Dhaara Patel
Badminton Boys	Jay Vaghela
Badminton Boys	Lakshya Punjabi
Lawn Tennis	Aahil Sherrif

From county competitions to the national championships, success was not the only goal but also proof of dedication and the power of effort. Special congratulations go to Lakshya Punjabi, who achieved an impressive 2nd position finish in Boys' Badminton, demonstrating exceptional skill and resilience throughout the competition.

Congratulations to the team for proudly representing the school and leaving a mark at the 2026 KSSSA Nationals.

FEASSSA Games 2026 were held in Morogoro, Tanzania. The students delivered an incredible performance at the FEASSSA Games. In Badminton, the students representing Oshwal secured an impressive victory against the Tanzanian team.
In Lawn Tennis, Aahil Sherrif produced an outstanding performance by defeating a strong Ugandan team, further highlighting the talent and competitive spirit of the Oshwal students.

We extend our sincere appreciation to the school management for the invaluable support and encouragement provided to the students.
We congratulate Dhaara Patel, Jay Vaghela, and Aahil Sherrif on their commendable performances and wish them continued success in their sporting endeavors.

On 15th August 2026, Senior High campus welcomed the prestigious East Africa Model United Nations (ECAMUN) team for the ECAMUN Secretariat Workshop. Student leaders gathered to build key skills in debate, policy writing and diplomacy, marking a major milestone in building of strong public speaking and negotiation skills among the participants.

The event also served as training for the student executive committee members, chairs and administrative officers on aspects relating to parliamentary procedures, conference logistics and leadership skills to ensure the smooth professional execution of the main East Africa Model United Nations conference.

In attendance were representatives from different schools, and through this training, the attendees gained insights into unified parliamentary procedures and diplomatic protocols across schools, building team cooperation among student leaders from diverse regional institutions. As a leadership training workshop, it was a fitting opportunity to prepare the Secretariat and committee officers for administrative workflows, timekeeping and managing debate floors during the main conference.

Leading with purpose, serving with pride. The students serving as school prefects for the academic year 2026 /2027 academic year took part in a training and team building session held on from 28th August to 31st August. The newly elected school prefects completed their leadership training program. This dedicated group of student leaders spent the session sharpening their communication skills, mastering team dynamics, and learning what it truly means to lead by example. Outdoor team-building activities formed part of the training, enhancing teamwork and confidence as they serve

The Annual School Day is always a highlight of the year, and this year's celebration was no exception! Oshwal Senior High Campus came alive on 5th September 2026 with enthusiasm and excitement to acknowledge the hard work of the students and staff. The event brought together students, parents, and teachers for a day of joy and pride.

The day began with a heartfelt prayer and a song, setting the tone for an unforgettable event. Our talented Year 12 students stole the show with a captivating, graceful dance performance that left everyone in awe. The prize distribution ceremony was a special moment, recognising the outstanding academic accomplishments of our students under CAIE and Pearson Edexcel, not forgetting the students' achievements in extracurricular activities and in sports.

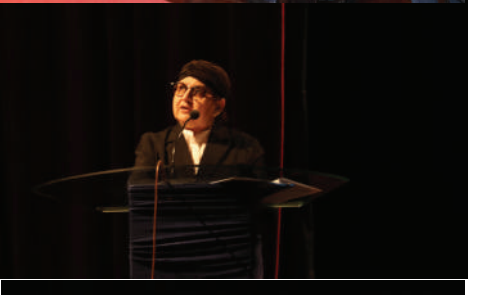

Parent -teacher meetings provide opportunities for parents to receive detailed information concerning the child's learning environment. They offer a platform that facilitates vital communication, enabling parents and teachers to share insights into the child's learning environment and overall well-being in school.

On 7th September 2026, Senior High held a parent-teacher meeting. It was wonderful to see such an incredible turnout of parents as we partner together to guide our students through this crucial academic milestone. Your engagement, insights and shared commitment are what make our community strong. Together, we are setting the foundation for their future university and career success.

The school successfully hosted its annual elocution competition on **9th September 2026**, an event aimed at enhancing students' public speaking, articulation and critical thinking skills. With participants drawn from all the classes, the event achieved record student engagement. The competition was designed to foster academic confidence and oral literacy. The judges commended the students' exceptional command of language and stage presence.

The 2026 Elocution Competition successfully advanced the school's mission which recognizes that every child is unique and has the potential to succeed in life by providing a safe, holistic and challenging learning environment. We continue to nurture confident speakers. Congratulations to the best speaker Year 12; Romana Nuru; best speaker Year 13: Manraj Singh; and best overall speaker: Charankamal Singh.

To provide students with practical industry exposure and enhance their understanding of hospitality operations through interaction with industry professionals, the school organized an academic trip to Mercure Hotel on 10th September 2026.

During the visit, the students were privileged to attend a series of presentations conducted by departmental supervisors, who shared valuable industry knowledge and operational insights. Food and Beverage control team provided students with an overview of the control procedures within the hotel, emphasising the importance of cost control, stock management, quality assurance and operational efficiency in maintaining profitability while delivering excellent guest experiences.

Environmental Sustainability practices presentation highlighted the various suitable practices adopted by the hotel, including resource conservation, waste reduction initiatives, energy-efficient operations and responsible environmental management.

Safety and security management gave students insight into emergency procedures, risk management, security protocols and the importance of maintaining a safe working environment within the hotel. Students were introduced to kitchen procedures, hygiene standards, food safety requirements, workflow management and the importance of teamwork in delivering high-quality culinary services.

The students were further taken on a guided tour of the hotel's facilities, including guest rooms and operational areas. This provided firsthand exposure to international hospitality standards as well as local industry practices. The visit was both informative and enriching, which will help them in their coursework and also prepare them for future studies and careers.

On the 11th September 2026, our institution successfully hosted the Australian University Fair, an event aimed at providing students and their parents with an opportunity to interact with representatives from various universities in Australia. The fair aimed to showcase the diverse academic options available to students and facilitate informed decision making regarding their higher education pursuits.

A total of 12 universities participated in the fair, offering a wide range of programs and opportunities to students, as well as the scholarships available for students to explore. The fair comes as an ideal platform for students and parents to explore the diverse academic options available to them.

Gracing the event was the Australian High Commissioner to Kenya, who spoke highly of the continued educational partnership with Oshwal Academy Nairobi, primarily focused on higher education mapping, international student placement and career development for Kenyan students.

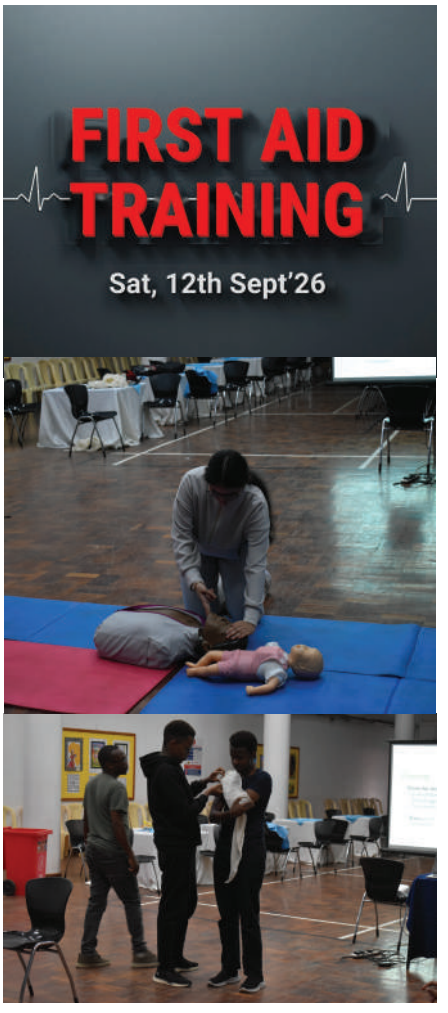

The training session was successfully conducted on Saturday, 12th September 2026 at Oshwal Academy Nairobi – Senior High. The training aimed to strengthen learners' ability to respond appropriately and confidently to emergencies both within the school environment and in the wider community.

The training focused on developing learners' understanding of basic first aid procedures, appropriate responses to common injuries and medical emergencies, and the importance of safety, quick decision-making and seeking professional medical assistance when required. The session also sought to build learners' confidence and sense of responsibility when dealing with emergencies.

The session was highly interactive, combining lectures, demonstrations, group discussions, and hands-on practice. Learners were given opportunities to participate in simulated emergencies to test their understanding. By the end of the session, students had developed greater awareness of first aid practices, demonstrated their understanding through practical participation, and gained increased confidence in assisting during emergencies.
Congratulations to the participants; now officially certified as first aiders, ready to step up, take action and keep those around them safe when it matters most.

Monday, 14th September 2026, Oshwal Academy Senior High hosted the International Universities' Fair organised by IDP.

The event was a remarkable success, showcasing the diverse opportunities available for students to further their education abroad.

We were honoured to welcome universities from four countries: Canada, the USA, Australia, and the UK. A total of 12 esteemed institutions participated in the fair, providing students with invaluable insights into their academic programs and campus life.

Students had the opportunity to engage with representatives from each institution, ask questions and gather informational materials to assist them in making informed decisions about their future studies.

The fair also included several informative sessions where experts discussed application processes, scholarship opportunities and student life in different countries.

We are thrilled with the turnout and the positive feedback we have received from students. This event not only broadened our students' horizons but also strengthened our relationships with these prestigious universities.

On Monday, 14th September 2026, BTEC Sport students visited the Department of Physical Medicine and Rehabilitation (PMR) at Karen Hospital. The visit was organised to provide learners with practical exposure to the management, treatment and rehabilitation of sports injuries and to support their understanding of the concepts covered in their BTEC Sport coursework.

The students engaged in a highly interactive and informative session that provided learners with valuable insights into the role of the PMR department in supporting individuals recovering from injuries and other physical conditions. During the visit, students also had an opportunity to interact with professionals from different sections of the department, including Physiotherapy, Occupational Therapy, Speech Therapy and Hydro pool Therapy. Each department provided learners with an understanding of its role in rehabilitation and the different ways in which patients are supported throughout their recovery. The students learnt about some of the common sports injuries and conditions encountered within the different departments and how rehabilitation approaches may differ depending on the nature of the injury. This helped learners connect classroom concepts with real-life professional practice. Students also had the opportunity to interact with patients within the Physiotherapy and Hydrocool Therapy sections. This gave them a better appreciation of the challenges individuals may experience during recovery and the importance of professional support and appropriate rehabilitation programs. The visit was provided an opening to our students who were offered work placement opportunities that will facilitate acquisition of practical experience through interaction with patients and professionals at work, enabling them apply their BTEC Sport knowledge to real-life rehabilitation situations.

The academy continues to nurture leadership and resilience among the students. To enhance this, the members of the President's Awards Scheme program engaged in a comprehensive training session on 16th September 2026.

The training focused on essential outdoor skills facilitated by officials from the national office. This session was to equip our students with the required skills and preparation before the practice journey. The session was interactive and hands-on, allowing participants to build confidence and competence.

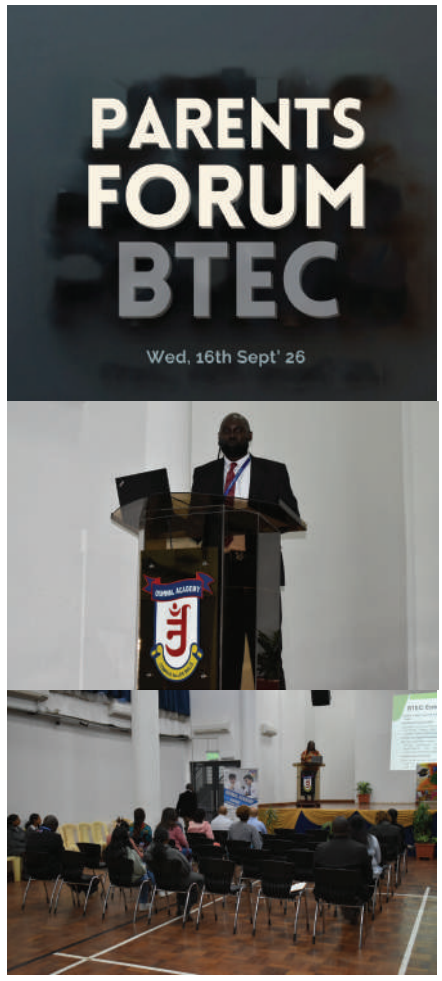

This was held on 16th September 2026. It was an opportunity for BTEC teachers to deliver their subject-specific presentations, which offered greater insights into the BTEC qualification curriculum structure.

The forum served as an opportunity to establish a collaborative tripartite relationship among the school, parents, and students that aims at creating a shared responsibility and ensuring the holistic success of every learner. The meeting focused on vocational pathways, portfolio milestones and how we can collaborate to support our students' future career goals, bridging the gap between education and career readiness. Thank you, parents, for your continued support!

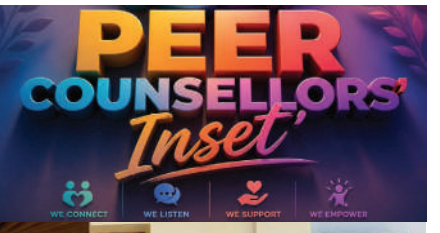

Students from the Senior High campus attended the annual counsellor's conference held on the 18th of October 2026 at Rusinga School, Nairobi. The event was a valuable platform for our peer counsellors to enhance their skills, share ideas, and gain new insights. The forum's central theme was "The Silent Struggles Teenagers Go Through," which resonated deeply with the challenges faced by many students.

During the conference, our peer counsellors actively engaged in discussions and interacted with counsellors from other senior schools across Nairobi. This interaction fostered a broader understanding of the issues affecting teenagers and provided opportunities for brainstorming on the issues identified.
These insights will undoubtedly help us tailor our school's counselling programs to better support our students.

The Mountaineering Club successfully participated in the Kenya Society for the Blind's annual Mount Longonot Climb on 19th September 2026. The activity provided students with an opportunity to challenge themselves physically, develop resilience and teamwork and appreciate the importance of environmental conservation and outdoor adventure.
This climb also carried a strong charitable purpose that saw the collection of funds in support of children living with eye-related challenges. The fundraising initiative enabled students to combine their passion for mountaineering with a meaningful contribution to the wellbeing towards supporting learners with visual impairment to acquire quality inclusive education. The participating students demonstrated enthusiasm, determination and a commendable spirit of teamwork throughout the activity.
The event comes as a way of enriching experience, combining physical challenge, personal development, community service and charity.

On 22nd September 2026, students from the BTEC department participated in an excursion that aimed at bridging theoretical knowledge with real-world applications by observing business expertise in making a product from raw material transformation into a finished product and the process of product design.

The students were guided through the glass-blowing process where they observed how discarded glass fragments and raw pieces are collected, melted and skillfully manipulated through traditional glass-blowing techniques to form structural art and functional glassware. Students were taken through practical demonstrations and presentations in areas of precision, temperature control and physical skills required to shape molten glass, deepening their technical understanding of material processing and artist manufacturing.

The final product portfolio viewing was done where the students inspected a showroom of finished products where the inventory and artistic pieces included custom flower vases, artisanal drinking glassware and various intricate decorative designs. The visit successfully enhanced the learners' understanding of design innovation, material recycling and artisan production workflows. The experience of the step-by-step development of a product gave the students a valuable perspective on industrial creativity and practical craftsmanship.

The 1st round of the Inter-House debate competition was held on 22nd September 2026 and featured four teams – Emerald, Ruby, Topaz and Sapphire. The event aimed to foster critical thinking, public speaking, and teamwork among our students.

The sessions were guided by carefully selected school-based motions that encouraged diverse perspectives and lively discussion. Students engaged with topics ranging from academic pressure to technology in education. They demonstrated confidence and eloquence, with strong evidence-based arguments. Rebuttals were sharp and showcased excellent listening and critical thinking skills. Teamwork was evident as speakers coordinated seamlessly to present cohesive cases.

Audience engagement was high, with peers and teachers appreciating the lively exchanges. Even though each house gained valuable experience in public speaking and persuasive communication, the competition produced a clear winner, and all participants were commended for their effort and growth. Judges provided constructive feedback, encouraging students to refine their skills further.
Sarvesh Sriram emerged as the overall best speaker.

The 2026 High Schools Moot Competition was held at Strathmore University on 19th and 20th September 2026. The event challenged top law students across Kenya to prepare written submissions and deliver oral arguments on complex legal issues. Oshwal Academy Nairobi was represented by six students, who all qualified and were awarded Gold Medals for outstanding oratory skills, marking a clean sweep in individual speaker commendations.

The well-prepared participants presented polished presentations, placing Oshwal Academy Senior High in a strong competitive position; a reflection of resilience and determination. The presentations were done as teams of three students, each team pitching their arguments with passion, clarity and precision, securing both the Silver Cup and the Bronze Cup in the overall team standings. Congratulations to our students for their active and commendable performance throughout the event.

On 21st September 2026, BTEC hospitality students embarked on a trip to Tribe Hotel. The trip was organised to provide students with valuable practical exposure to hotel operations and the functions of various departments within the hospitality industry.
The students received a guided tour of the respective areas. In the kitchen, students observed how activities are organised and how workflow is managed to support effective food production and service. The visit to the housekeeping department and guest rooms allowed students to learn different types of rooms, their facilities and room rates. The spa and gym provided them with exposure to additional facilities and services offered to enhance overall guest experience.

An important aspect of the visit was learning about the hotel's approach to sustainability. Students were introduced to initiatives such as sourcing locally and the water recycling system. This helped the students to understand the role of hospitality establishments in promoting sustainable practices and reducing their environmental impact. Overall, the visit was an informative and valuable learning experience.

Senior High Campus participated in the 1st round of Rhino Cup debate on 23rd September 2026, an event organised by Kenya Association of International Schools (KAIS). We emerged victorious. Our team, represented by Yash Karia, Anusha Gupta and Romana Nuru performed exceptionally well, demonstrating marked improvement in articulation, confidence and critical engagement.

They presented their arguments with clarity and passion, listened keenly and responded with composure. We were also greatly encouraged by the audience, who were fully with us throughout the debate, adding to the energy and morale of the team. It was a thrilling and well-deserved win. We now look forward to the next round.

With immense confidence, a team of students represented Senior High Campus during the Inter-High Schools ICT Competition held on 24th September 2026. The competition provided a platform where they were required to demonstrate critical thinking and problem-solving skills in ICT, Business and Accounting categories. Our students did not just participate; they shone brilliantly, demonstrating exceptional technical skills, creativity and teamwork; their hard work and preparation truly paid off. Their outstanding performance earned them medals, with the ICT team being awarded the first runners-up trophy and the Business team claiming the “Best Overall Performance” trophy. During the event, students were exposed to information and experience from ICT professionals gaining enhancing career awareness and development of future-ready skills. To each and every participant, congratulations

On 26th September 2026, a mentorship program was conducted at Gatanga Girls School in Thika, involving a team of 60 student Mentors from the Peer counselling club, who were dealing with one of the biggest groups ever mentored ,830 girls between the ages of 13- 18 years old high school students.

The program focused on the theme of teenage Self Awareness, particularly emphasizing on understanding on the different personality types. This initiative aimed to equip the mentee students with the knowledge and tools to better understand diverse personalities with an aim of increasing personal development. Simultaneously, the student mentors had the opportunity to cultivate their counselling skills and learn new dynamics related to team management.
Objectives

- To introduce and engage 830 girls at Gatanga girls School on personal development sensitisation based on their personality types.
- To enhance the counselling skills of the student mentors.
- To foster teamwork and leadership qualities among the student mentors.

Activities Conducted
Workshop Sessions: The program commenced with interactive workshop sessions where the mentees were introduced to strengths and weaknesses among different personality types. Activities included group discussions and personality assessments, enabling the students to discover their own personalities and how they relate to others.

Each mentor group was responsible for a group of between 50-55 mentees that encouraged open communication and personal sharing.

The girls reported increased understanding of their individual personalities and the student mentors gained critical skills in counselling and learned how to effectively lead and support a diverse group of students.

Celebrating Our Students' Global Success.

The Careers Department is delighted to celebrate an exceptional milestone in the journey of our students as they take their next steps into higher education around the world.
This year, our students have received scholarships, tuition-fee awards, discounts and offers of admission from outstanding universities across the globe including remarkable awards covering 90% and, in some cases, 100% of tuition fees.

These achievements represent more than university acceptances. They reflect academic commitment, ambition, preparation, resilience and the courage to pursue opportunities beyond the familiar.

Our students are showing that university opportunities can extend far beyond borders. From admissions to prestigious institutions to substantial financial awards, their achievements demonstrate what is possible when students prepare early, make informed choices and pursue their goals with purpose.

Behind every successful application are months of preparation from academic performance and extracurricular involvement to personal statements, recommendations, interviews and scholarship applications.

To those Coming Next these achievements are not only moments to celebrate; they are invitations to dream bigger.

To our younger students, start asking the important questions early:
What do I want to study? Where could I study it? What are the entry requirements? What scholarships are available? What can I do now to strengthen my application?
The earlier you begin exploring these questions, the more opportunities you can position yourself to access.

We warmly congratulate all our students who have secured university offers, scholarships and financial awards. Your achievements are opening doors and inspiring those who will follow.
The Careers Department remains committed to helping every student explore possibilities, prepare strategically and make informed decisions about their future.

Start early. Explore widely. Prepare intentionally. Apply boldly. Your future is worth preparing for.

The Sports Department continues to play a key role in the integration of sports as a core pillar of our school culture. The month of September has witnessed a significant surge in student engagement, exceptional performance in fixtures and the reinforcement of values like teamwork, discipline and resilience.

SPORTS DAY PREPARATION.

As we look forward to the annual sports day, preparations began with tug-of-war competitions progressing to finals for all throws as well as 800m and 1500m track events.

To help the students build discipline, improve mental engagement and physical readiness, early morning practice sessions run from 6:00 am to 7:00 am with consistent and enthusiastic team turnout.

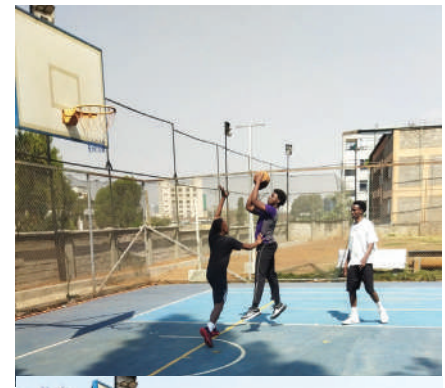

SR.NO	CATEGORY	SPORT	OPPONENT	SCORE
1	U19 Girls	Netball	Peponi	Lost 12-15

Head's message

September has been a month of new beginnings, renewed energy and exciting opportunities at Oshwal Academy Mombasa. As we welcomed our students back for the 2026–2027 academic year, it has been wonderful to see our campus come alive with learning, creativity, friendship and purpose.

Our youngest learners in Kindergarten made a joyful start through hands-on experiences from planting seeds and exploring nature to building with LEGO, developing early literacy skills and confidently taking part in assemblies. These experiences are a reminder that children learn best when they are encouraged to explore, question, create and have fun.

Across the Junior and Senior Schools, learning continued to extend beyond the classroom. Our students engaged in practical science, poetry, drama, languages, literacy and cultural activities. International Literacy Day was particularly meaningful, reminding us that literacy is not simply about reading and writing, but about opening doors to creativity, expression, learning and opportunity.

September also gave us much to celebrate academically. We are immensely proud of our Year 6 Checkpoint candidates, as well as our IGCSE and AS & A Level students, whose results reflect their hard work, resilience and commitment to excellence. We congratulate our students, and thank our teachers and parents for the partnership that makes achievements like these possible.

Beyond academics, our students continued to grow as leaders, entrepreneurs, communicators and team players. The OAMUN Conference challenged them to think critically, debate confidently and appreciate diverse perspectives, while the Maridadi Market gave our young entrepreneurs the chance to bring their ideas into the real world. Our Year 12 and 13 students have also began preparing thoughtfully for their next steps, with guidance on writing their personal statements.

Sport, too, gave our learners opportunities to demonstrate discipline, teamwork, resilience and sportsmanship. From tennis, badminton and cricket to regional swimming, our students represented OAM with pride. We were especially delighted to see OAM swimmers represent Kenya at the FEASSSA Games in Tanzania, securing bronze and silver medals respectively.

As we reflect on September, we are reminded that excellence takes many forms. It is seen in examination results, but just as much in a child planting a seed, a learner finding their voice on stage, a student stepping into a leadership role, a young entrepreneur presenting an idea, or a team supporting one another on the field.

We have made a strong start to the new academic year. We will continue to build on this momentum, encouraging our students to aim high, embrace new opportunities, learn from every experience, and strive to make a positive difference in the world around them.

Here's to a year of purposeful learning, personal growth and continued excellence at OAM.

Ms. Mildred Aseyo
Head of School
Oshwal Academy Mombasa

A new academic year begins, bringing with it renewed energy, fresh aspirations and exciting opportunities for learning, growth and discovery.
Welcome back, students! We are delighted to have you back on campus as we embark on another enriching academic journey together. As you settle into your classrooms and reconnect with friends and teachers, we encourage you to approach the new academic year with a positive mindset, intellectual curiosity and a strong commitment to academic excellence.
Let's make the 2026–2027 academic year a remarkable one.

Our Kindergarten students kicked off their new school year assembly, titled The Three Little Friends, led by Miss Lilian, with enthusiasm and excitement.

The children were delighted by a fun puppet show featuring three little friends — the monkey, the rabbit and the frog — who shared a wonderful reminder of the simple things that make school a happy, safe, and welcoming place.
A beautiful beginning to a new year of learning, friendship, discovery and growth!

Our PG learners started their new powerful plants unit with a hands-on Entry Point. In keeping with the theme, the learners came dressed in green-inspired outfits and floral patterns.

They watched a short, visual video introducing them to plants and how they grow, then got to explore things for themselves — feeling the texture of seeds, preparing the garden, planting and covering the seeds, and watering them. Later, they went around the school to pick, smell and explore different flowers and plants. A simple, hands-on start to the unit, with plenty of opportunities to see, touch and learn about nature.

Our KG1 learners had a great time during their first LEGO lesson, getting creative as they built tall towers, buildings and all kinds of structures.

It was hands-on learning at its best building, experimenting, figuring things out and having fun along the way.

KG 2S brought lots of colour and energy to the assembly with their "Rainbow Parade" theme. The children dressed in the seven colours of the rainbow and proudly took part in the presentation.
They spoke about the colours of the rainbow, sang rainbow-themed songs, and recited a poem with clear diction and action.
The assembly ended with an action song led by the children, with the whole school joining in.
It was a colourful and joyful presentation that showed the children's confidence, teamwork and enthusiasm.

Our KG 2 learners kicked off their new IEYC unit, "Powerful Plants," by asking questions and sharing what they know about plants
After listening to The Tiny Seed by Eric Carle, they headed outside to plant in decorated recycled water bottles, getting a chance to care for their own plants.

They also explored different leaf shapes and textures through leaf printing.

It was a simple, hands-on start to the unit, with plenty of curiosity, creativity, teamwork, and fun along the way.

Our KG 3 learners had a fun and hands-on start to their new IEYC unit, “Powerful Plants.” Dressed in different shades of green, they explored what plants need to grow, what they provide for us, and how we can care for them.

The young learners walked around the school campus, where they observed various plants, studied leaves, flowers and pods, sharing their discoveries and working together. They also explored how a seed grows through an instructional video before finishing with a colourful flower mosaic.

A great first step into a new unit, filled with curiosity, exploration, teamwork, and creativity.

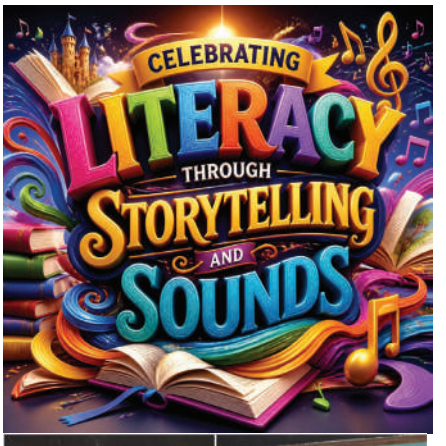

Our KG learners celebrated International Literacy Day with activities that brought literacy to life in different ways.

In KG2S, learners explored The Three Little Pigs through a read-aloud session.

They picked up new vocabulary, practised counting, acted out the story and finished by painting the three little pigs. It was a great way to build their listening, speaking, comprehension and creative skills.

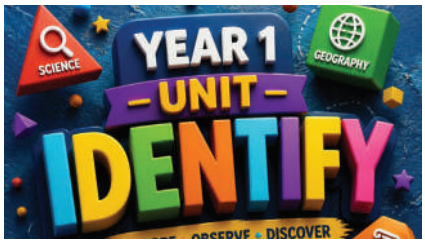

Over in KG2N, learners worked on their letter sounds and matching skills. They sounded out the alphabet letters they were given and matched each letter to a picture that began with the same sound.

Two different activities, but plenty of reading, sounds, speaking, creativity and hands-on learning throughout the day.

To mark the introduction to the unit 'Identify', Year 1 learners had an exciting and engaging activity that helped them explore what makes each person unique. Just like puzzles, they had to search for pieces with different features to complete the pictures.
The activity encouraged learners to carefully observe and identify distinctive features such as hair, eyes, ears, noses and smiles.
Through this hands-on activity, learners developed an understanding that although we may share some similarities, each of us is unique and special in our own way.

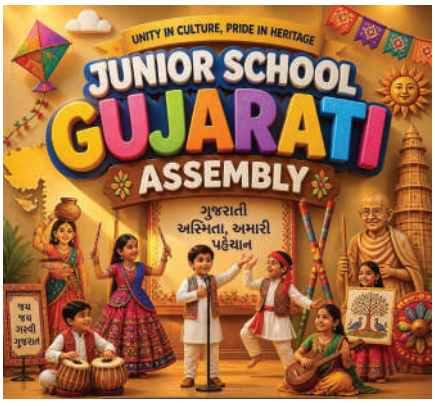

Our learners took part in an inter-house Poetry Recitation Competition, putting their confidence and love for poetry on display.

They showed clear pronunciation, good voice projection, expression and stage presence, while using appropriate tone, gestures and eye contact.

It was a good opportunity for them to build confidence, express themselves and enjoy poetry.

Our Gujarati Assembly presented a short and engaging drama, "Kemcho and Namaste", celebrating the Gujarati language and the rich culture of Gujarat.
The skit took the audience on a fun journey through the Gujarati language, food, traditional clothing, festivals and family values. Through simple conversations and humorous moments, the students showed that learning Gujarati can be fun, enjoyable and meaningful.

The students introduced Gujarati greetings such as “Kemcho?” and “Namaste”, along with useful words such as Aabhar (Thank you), Mitra (Friend), and Parivaar (Family). They also shared information about popular Gujarati foods, the traditional clothing of Gujarati people and colourful festivals such as Navratri and Uttarayan.
The key message of the skit was that language connects us to our family, history, traditions and culture. It encouraged everyone to respect and celebrate every language and culture.

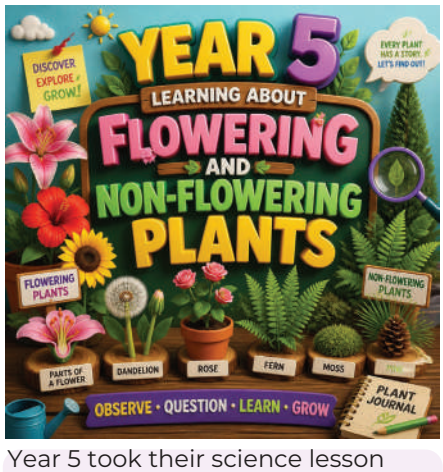

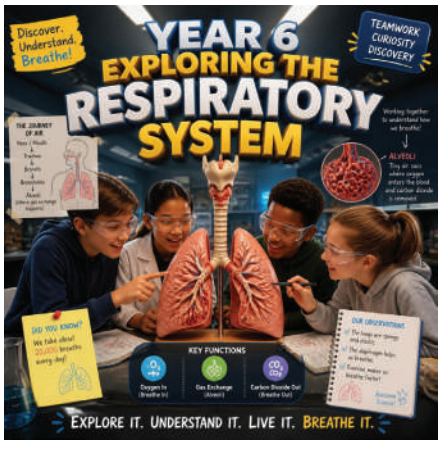

Year 5 took their science lesson outside, walking around the school grounds to observe and identify different plants.
They looked at the differences between flowering and non-flowering plants, using what they saw to practise their observation and classification skills.
A simple, hands-on lesson that helped connect what they learned in class with the plants around them.

Our Year 6 learners took their lesson into the lab as they explored the respiratory system and carried out a practical experiment to measure their lung capacity.
A hands-on way to see the science in action and better understand how our lungs work.

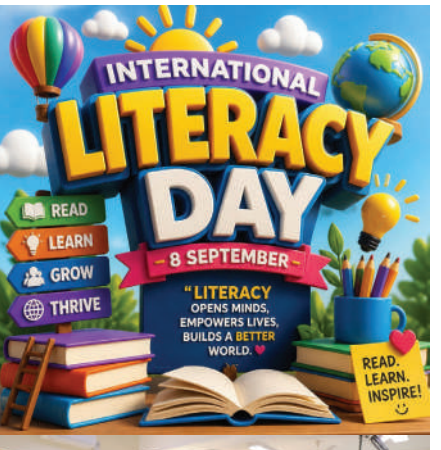

OAM celebrated International Literacy Day under the theme, "Literacy for People, the Planet and Prosperity."

There was plenty going on across the school. Our Kindergarten learners enjoyed read-aloud sessions led by Senior School students, bringing stories to life and giving the younger ones a chance to learn from and connect with their older peers.

In the Junior School, learners explored the theme through creative worksheets and made gratitude cards for the people who have encouraged and supported them in their reading and learning journey.

Our Senior School students got creative with old books, turning them into collages and Blackout Poetry while also thinking about reuse and sustainability. They also took time to make gratitude cards for those who have played a part in their literacy journey.
A good reminder that literacy is about more than just reading and writing. It opens opportunities to learn, create, express ourselves, and grow.

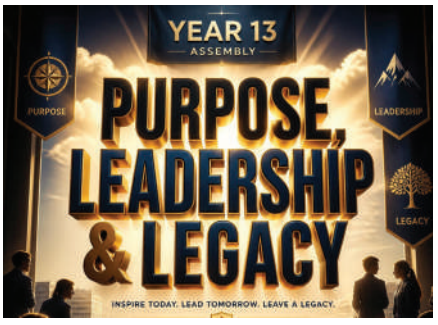

Congratulations Year 6 Class of 2026!

We are incredibly proud of your outstanding performance in the 2026 Checkpoint Examinations. Your hard work, dedication and perseverance have truly paid off.

As you move on to the next stage of your academic journey, we wish you continued success, confidence, and excellence in all that you do.

Our Year 13 students took the lead in this week's Senior School Assembly under the theme "Purpose, Leadership & Legacy." Drawing from their own experiences as senior students, they shared honest advice and a few pearls of wisdom with the rest of the Senior School from making the most of school life to staying focused on what really matters.

Their message was simple: enjoy the journey, make good choices, work hard, and leave something meaningful behind.

As they prepare to move on, they encouraged their peers to build on the legacy of those who came before them and continue the tradition of excellence and strong academic achievement at OAM.

It's that time of the year when MUN delegates look forward to days of debate, diplomacy and big ideas. Day 1 of MSMUN got off to a strong start, officially opened by the OAM Head of School.

Delegates quickly got into the spirit of MUN, engaging in lively debates, sharing ideas and tackling important global issues with confidence.
A good start to what promises to be an exciting week of discussion and diplomacy.

Day 2 was Cultural Day, where delegates came dressed in traditional attire connected to their cultures and backgrounds, creating a fun and colourful celebration of diversity.

Oshwal Academy Mombasa

What started as our very first Maridadi Market came to life as a vibrant community cottage fair, bringing together local businesses, corporate partners and OAM student entrepreneurs for a vibrant day of shopping, food, creativity, connection and community.

Most importantly, our students got to experience entrepreneurship beyond the classroom—putting their ideas, products and business skills to the test and discovering what they can achieve when given a real platform.

We were also proud to support Pwani School for Learners with Intellectual and Development Disabilities and Shanzu Transitional Workshop for Disabled Young Women by giving them an opportunity to showcase and sell their handmade products.

Held as the grand conclusion to the OAMUN Conference 2026, Maridadi Market was more than a market it was a celebration of community, entrepreneurship, inclusion and opportunity.

A huge thank you to our vendors, students, parents, corporate partners and everyone who came out to support us. Your enthusiasm and feedback have inspired us to keep building on this.

Our Year 12 and 13 students had a useful session with Uniserv on writing personal statements. The main advice was straightforward: be yourself, stay focused, and show what you've learnt along the way.

They were encouraged to connect their experiences and achievements to where they want to go next, while keeping their writing clear and easy to follow.

A good reminder that a strong personal statement is not just about listing what you've done it's about telling your story and showing what matters to you.

Celebrating IGCSE 2026 Success

Congratulations to our students on their outstanding IGCSE 2026 results!

Oshwal Education and Relief Board, the School Management Committee and the entire OAM fraternity celebrate this remarkable academic achievement and commend the students for their hard work, dedication, resilience and determination. Your results are a testament to your commitment to excellence and the unwavering efforts you have invested in throughout your academic journey.

We are immensely proud of each one of you. Your achievements reflect not only your academic excellence but also the character, perseverance, and confidence you have developed along the way.
As you embark on the next chapter of your educational journey, may you continue to pursue your aspirations with courage, curiosity and a commitment to excellence.

Celebrating OAM A & AS Level Achievers!

Oshwal Education & Relief Board, the School Management Committee and the entire OAM family congratulate our AS & A Level students on their outstanding results.

We are incredibly proud of your achievements. This success reflects the effort you have invested throughout your academic journey at OAM.

The OAM boys put in a commendable performance at the U15 Cricket Tournament, finishing 3rd and taking home the bronze medals.

The boys showed good discipline, teamwork, and sportsmanship throughout the tournament. There is still more to learn and improve, and the upcoming Open Boys and U13 tournaments will give them more opportunities to gain experience and develop their skills.

Our players demonstrated great skill, determination, sportsmanship, and teamwork throughout the tournament.

Our young tennis players put in a strong performance at the U13 Tennis Tournament on 19 September 2026.

In the U13 Girls category, Arriana Makena Kosgey took first position In the U9 Girls category, Mahi Doshi clinched first position, Saanvi Mashru second position and Thea Kosgey took third position.

Aarush Shah came in third position in the U9 Boys category. Congratulations to all our players for the effort, focus and sportsmanship on court. We're proud of everyone who took part in it.

Our OAM players put up a strong performance at the CISSA Badminton Tournament.

In the U13 Girls, Prisha Shah took 1st position and Dharni Shah clinched 2nd position.

In the U9 Boys, Neev Shah took 1st position.

Congratulations to our players for showing good skill, focus and sportsmanship on court. A big thank you to everyone who took part and represented OAM.

The badminton team participated in the tournament across different age categories and East African players.

The U19 girls performed well, with strong results in the competition. Radhika emerged as the overall winner.

U19 Boys Category Aarav Shah & Dev Chudasama both players competed well and gained valuable tournament experience despite being eliminated in the Round of 16.

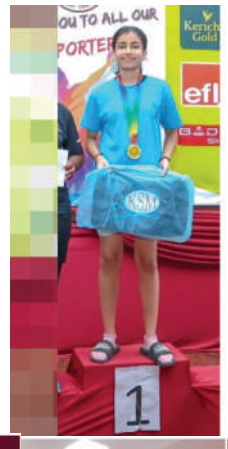

The U15 boys showed good determination and competitive spirit. Parth progressed to the quarterfinals, while the other players gained important experience at the group stage. The U15 girls produced an outstanding performance.

Naiya emerged as the overall winner, while Tiana, Prisha and Soraya all progressed to the quarterfinals.

In the Under 12 Category Dev Rian had an impressive run, reaching the semi-finals. Yuval and Amay also gained valuable competitive experience from participating in the tournament.

In the U9 Category, Neev Shah achieved third position in his first-ever badminton tournament. This was an encouraging performance and a strong start to his competitive badminton journey.

Overall, the team put in a commendable performance across the different age categories. Particular congratulations go to Radhika Katwa and Naiya Pandya for securing 1st position in the U19 & U15 categories, respectively and Neev Shah for securing 3rd position in his first tournament.

A proud moment for OAM as Jeremy Mwamisi and Charles Warui represented Kenya at the FEASSSA Games in Morogoro, Tanzania.

The two swimmers put in a strong performance in the Boys' 50m Freestyle, with Charles Warui taking Silver and Jeremy Mwamisi securing Bronze.

Congratulations, Charles and Jeremy, on this fantastic achievement. Your hard work, discipline and determination have paid off. We are proud to see you representing Kenya on the regional stage. Well done, boys!

ABE STUDENTS ORIENTATION

Head's message

I am delighted to share that the second half of the semester has commenced on a positive note at the College. We welcomed our July and September intakes, and it has been encouraging to see our students settling into their programmes with enthusiasm and renewed energy.

Orientation sessions were held to help new students familiarise themselves with the College, our academic expectations and the opportunities available to them beyond the classroom.

During July and August, we continued to provide our students with opportunities for learning and personal development through a range of activities. These included mentorship talks, corporate visits and tree-planting activities, giving students valuable exposure to the workplace, professional guidance and opportunities to contribute to environmental sustainability.

We have also continued to invest in our staff through training and professional development, recognising that a strong and committed team is essential to delivering quality education and supporting our students effectively. As we move forward into the semester, our focus remains on providing a holistic educational experience that combines academic excellence with professional development, leadership, community engagement and responsible citizenship.

I look forward to a productive semester ahead and to celebrating the achievements of our students, staff and the wider Oshwal College community.

Mrs. Jayashree Prathap
Principal
Oshwal College

Mentorship Talk by Reflex Footwear Managing Director

On 28th July 2026, Oshwal College hosted a mentorship talk delivered by the Managing Director of Reflex Footwear. The session centred on manufacturing and entrepreneurial skills, with a strong focus on innovation and self-employment.

Students gained first-hand insight into what it takes to build a business from the ground up, drawing on the speaker's own experience in the manufacturing sector.

The talk reinforced the College's commitment to nurturing an entrepreneurial mindset among learners, equipping them with practical knowledge that extends beyond the classroom and into real-world enterprise.

Celebrating Our ACCA World Toppers

Oshwal College is proud to celebrate two outstanding students who achieved world-class results in their ACCA examinations. Nirav secured Position 1 in Kenya and ranked 12th globally in the Taxation (TX) paper, while Abhishek achieved Position 1 in Kenya and 2nd globally in the Managing Costs and Finances (MA2) paper.

Their dedication, discipline and consistency have delivered outstanding results on the international stage, and the College takes immense pride in their achievements. Congratulations to both Nirav and Abhishek, may this be just the first of many triumphs on your journeys ahead!

Corporate Visit to Reflex Footwear

On 6th August 2026, students from BTEC Business Levels 4 and 5, together with ABE Level 5, visited Reflex Footwear for a corporate exposure trip.

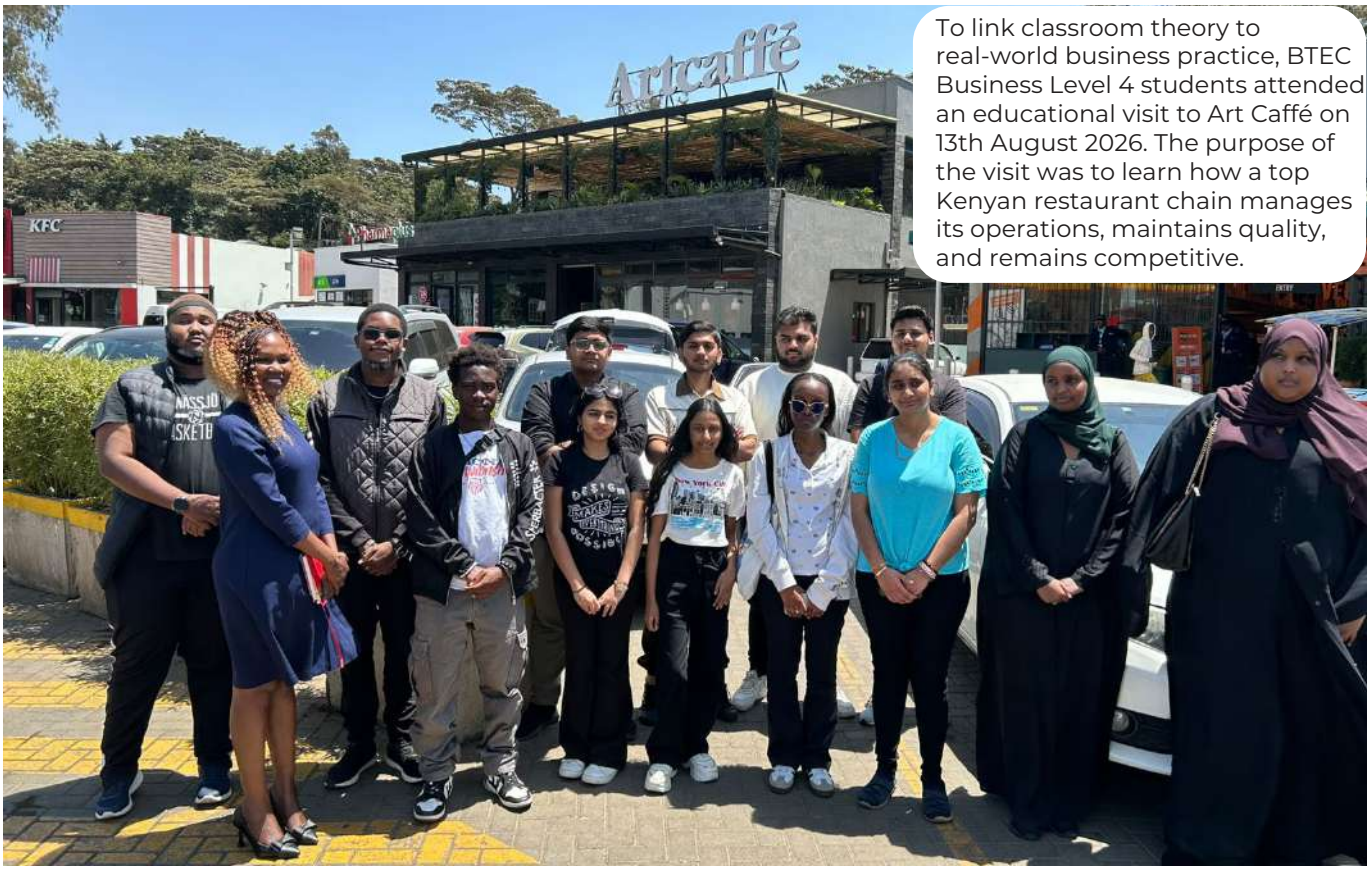

The visit offered valuable practical exposure to the shoe manufacturing industry, giving students a deeper understanding of complete business processes from production through to market.

Students engaged directly with operations and production management concepts in practice, while also gaining insight into the commercial aspects of manufacturing, production, marketing and sales.

The visit further encouraged learners to identify entrepreneurial and commercial opportunities within the manufacturing sector, bridging classroom theory with industry practice.

BTEC Business Level 4 Students Visit Art Caffe

To link classroom theory to real-world business practice, BTEC Business Level 4 students attended an educational visit to Art Caffé on 13th August 2026. The purpose of the visit was to learn how a top Kenyan restaurant chain manages its operations, maintains quality, and remains competitive.

On 14th August 2026, the Oshwal Green & Sustainability Club organised a tree planting and environmental conservation activity at Kereita Forest.

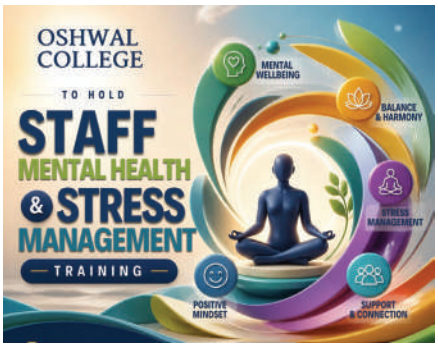

Participants actively engaged in planting trees within designated areas of the forest, demonstrating excellent teamwork, enthusiasm, and responsibility throughout the exercise. The activity contributed to forest restoration efforts while promoting environmental stewardship among participants.

Students also took part in environmental awareness sessions and nature walks that highlighted the importance of forests in biodiversity conservation and climate change mitigation. Beyond its environmental impact, the trip provided a valuable opportunity for interaction, teamwork, and personal development in an outdoor setting.

Flexible Short Courses at Oshwal College

Looking to build new skills without putting your other commitments on hold? Oshwal College's short courses are designed to fit around your schedule, with options available in the evenings, online, and during school holidays. Whether you're looking to upskill for work, explore a new interest, or get a head start before the next academic term, there's a course structure that works for you. Get in touch to find out more about what's on offer and how to enrol.

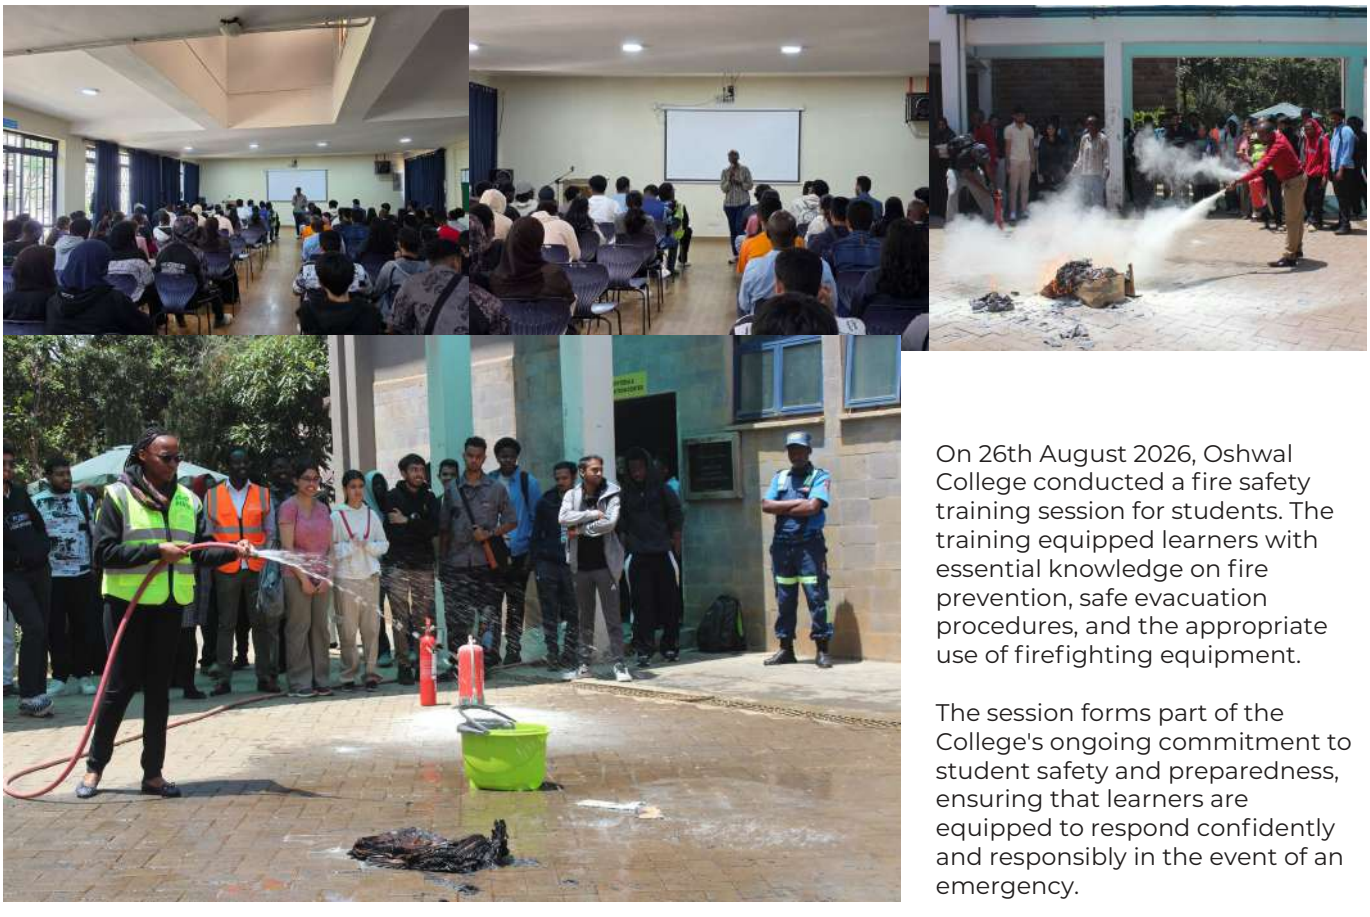

On 21st August 2026, Oshwal College hosted a Mental Health and Stress Management training session for staff, aimed at equipping them with practical tools to manage workplace stress and safeguard their overall wellbeing.
The session reflects the College's commitment to caring for its staff as much as its students, recognizing that a supported and resilient team is central to sustaining a positive learning environment for everyone at the institution.

Fire Safety Training for Students

On 26th August 2026, Oshwal College conducted a fire safety training session for students. The training equipped learners with essential knowledge on fire prevention, safe evacuation procedures, and the appropriate use of firefighting equipment.

The session forms part of the College's ongoing commitment to student safety and preparedness, ensuring that learners are equipped to respond confidently and responsibly in the event of an emergency.

Outdoor Bonding Trip to Ragia Waterfalls, Aberdares

On 28th August 2026, the Sports Department successfully organised an outdoor bonding and recreational trip to Ragia Waterfalls in the Aberdare's, bringing together students from the Oshwal Green & Sustainability Club and the Photography & Creative Club.

The trip provided an opportunity for both new and returning students to interact, bond, and build positive relationships outside the classroom environment.

Students enjoyed a hike through the natural surroundings of the Aberdares and had the opportunity to experience the waterfalls first-hand. The outdoor activity encouraged physical activity, exploration, teamwork, and an appreciation of nature, with students participating enthusiastically throughout the trip.

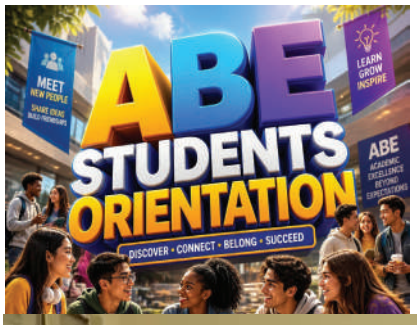

On 29th August 2026, Oshwal College held a data protection training session for its staff, facilitated by the College's Data Protection Officer, Mr Marwa. The training equipped staff with a clearer understanding of data protection principles and their responsibilities in safeguarding personal information within the College.

The session reflects the College's continued commitment to upholding data protection standards and building a culture of compliance

On 9th September 2026, ABE students at Oshwal College took part in an orientation session led by Miss Daisy, ABE Business Development Manager.

The orientation introduced new and returning students to the ABE programme structure, expectations, and the support available to them throughout their studies.

The session set a positive tone for the term ahead, helping students settle in with clarity and confidence as they begin or continue their ABE journey at Oshwal College.
